Welcome

...to your 2021 **Rompa®** catalogue with your bonus **Winslow® Resources** section at the back, page 183 to be exact! 2 popular catalogues in 1 for your convenience.

2 popular catalogues in 1 for your convenience.

Who are Rompa® and Winslow®?

Our aim is to improve the quality of life of people of all ages and all abilities. ROMPA® offers sensory tools for choice, empowerment, enjoyment, inclusion, meaningful occupation and comfort for everyone - individuals, families, institutions and businesses - here in the UK and globally. Created over 30 years ago, ROMPA® has become the globally-recognised market-leader it is today.

ROMPA® acquired Winslow Resources® 20 years ago. Winslow® offers a wide range of therapeutic and educational materials such as activities such as books, games, software, photo cards, specialist therapeutic interventions and assessment tools. These complement the ROMPA® range perfectly.

Together we provide

- Carefully selected and unique products
- Professionally designed bespoke and meticulously installed environments
- Excellent customer service

Rompa's 2020/2021 Mission Statement

In uncertain times, there has never been a greater need to offer 'Life-Changing Sensory Solutions for all', and our mission is dedicated to improving Sensory care for a better tomorrow!

In an ever-changing and currently more challenging world, our passion, drive, and dedication to the industry and our customers will remain positive and constant.

As the home of Snoezelen®, ROMPA exists to provide the best in Sensory products and environments for people in all walks of life. We will continue to research and innovate, and by developing new products we can provide all the solutions to your sensory needs. Increasing the range we manufacture here in the UK will continue to be part of our mission.

Through listening to our customers over the years our resources continue to empower users with choices to engage and entertain, stimulate and excite, calm and relax.

Our Snoezelen® Trademark and what it means

In the late 1970s pioneer therapists Jan Hulsegge and Ad Verheul experimented with a sensory tent at the DeHartenburg Institute. The term Snoezelen® was coined soon after, contracting the Dutch words “snuffelen” (to seek and explore) and “doezelen” (to relax).

Through years of experience Rompa® has developed a range of products and created bespoke environments based on the principles of Snoezelen®, becoming the leading UK provider before developing key partners around the world. Rompa® also owns the trademark for the name Snoezelen® when applied to products. You know you are buying quality when you buy a Rompa® Snoezelen® product

The principles and benefits of Snoezelen® remain hugely significant to individuals with a range of needs all over the world.

Snoezelen® continues to:

- Provide meaningful multi-sensory spaces and activities
- Reduce anxiety and offer calming solutions
- Build self-esteem
- Focus on the individual with a person-centred approach
- Respect each person's choices, needs, pace and preferences

NHS

Rompa® is on the NHS Supply Chain Network for Multi-Sensory. Framework reference: 2016/041-066764

The NHS Supply Chain was designed to help the NHS deliver clinically assured, quality products at the best value, through a range of specialist buying functions.

Save time and money

You can avoid individual trust tendering costs, by using the framework, as we complete the tender process for you, releasing more time for core clinical activities.

Discounts are available for NHS and public sector customers

We offer discount bandings on e-direct lines up to 10 units of issue and further discounts can be found on the direct route for units above 10.

Peace of mind

Products are guaranteed - The framework agreement incorporates all the latest required standards and procedures including British Standards (BS), European Standards (EN), International Standards (ISO) Furniture Industry Research Association (FIRA), the leading furniture research and testing agency in the UK, to ensure all products supplied under this contract adhere to the very latest BS/ EN/ISO standards as well as specific national legislation and NHS-specific procedures/ policies.

“Occupational Therapy at Help for Heroes has the advantage of a well-resourced sensory room supplied by ROMPA®, in our Tedworth House Recovery Centre. It is used to support our wounded, injured and sick Armed Forces veterans who have been injured as a result of their military service. The sensory room is a calm, relaxing space to deliver individualised sensory experiences and encourage relaxation. Sleep disturbances are a substantial issue for our ex-service men and women and the positive impact the sensory room can have on our veterans' ability to switch off is significant. Without the sensory room we wouldn't be able to deliver such an individualised approach and the feedback we get from the beneficiaries is universally positive!”

Alexandra Lovett, Occupational Therapist, Help for Heroes

How We Work

You can purchase products from ROMPA® and Winslow Resources® easily in several ways.

@ sales@rompa.com

Post to us (FREEPOST Rompa)

✉ Please remember to include payment details or cheque with your order.

☎ 01246 211 777

Do you require an Order or VAT Exemption Form?

No problem, you can download it here from

www.rompa.com/orderform

www.rompa.com/vatform

Purchase Orders:

If you have a credit account, please send a purchase order via email or post. An invoice will be generated and forwarded to the invoice address on the dispatch of goods. Payment is required within 30 days of the invoice date.

Apply for a credit account here:

www.rompa.com/credit

Our experienced and helpful Customer Services team will gladly answer your queries and advise regarding product features and benefits. As you know the needs of those you are buying for better than anyone else, we are unable to make recommendations regarding which products are especially suitable for your client's requirements. We will provide as much help as we can to enable you to make those decisions.

You are very welcome to arrange a time to visit our showrooms to see and experience our products first hand.

Catalogue(s) pricing excludes VAT. Prices are valid until December 2021, prices can be subject to change without prior notice.

Returns, damaged and missing item policies can be found online at: www.rompa.com or simply contact us for further information.

Website

Our websites provide additional information and downloads such as

-Further product photographs, details and instructions to help you make the right purchases for you

-Research papers and articles to learn more about multi-sensory approaches

You can visit our websites to purchase any of the products in this catalogue plus hundreds of online exclusives. Take advantage of our easy-to-use search facility to quickly find the products you require. Ordering is quick, easy and secure. Our websites are:

www.rompa.com

 www.winslowresources.com

www.olderadults.co.uk

We despatch most orders within 48 hours of receipt of order. Manufactured items taken around 28 days, special orders can take 6 - 8 weeks, if coming from abroad, but we will keep you informed. Terms and conditions for sale are available on our website.

Rompa/Winslow Standard Delivery Charges:

For all orders to mainland UK destination charges are as follows:-

Orders up to the value (excluding VAT) of:-

Up to £50 - £3.95 + VAT

Up to £100 - £7.95 +VAT

Over £100 - £8.95 + VAT

Orders containing large or bulky items marked in the catalogue and on the website with a  lorry icon will incur an ADDITIONAL charge of £30+ VAT per item.

Design and Installation Service

If you require a whole bespoke environment rather than a few individual products, we can help you make the most of your available space and budget.

As proud British manufacturer we can make products to your specification in a large range of colours, sizes and materials.

We offer a free of charge design service!

Our team of in-house designers will provide a room design to fit your specific requirements and budget. Our design visuals are extremely detailed and in some cases offer a full 3D visual of exactly how the real life room will look

Turn over the page for details of how this popular and personalised service can work for you!

Funraising

Fundraising

Getting the funds together to bring your sensory room project to life can be a challenge. To help you get started we have put together a list of charities and funding organisations. This list is available on our website.

A Rompa® 3D room design will allow you to share your vision in a visually impactful way and may help you to secure funding for your sensory room.

www.rompa.com/fund-raising

Rompa®
can supply a VR "walk through"
visual for that added impact!

Contact us for further information.

To view our bespoke design in 360 VR Pano you will need our Rompa® VR Goggles and your mobile phone, then access our URL through the web browser in your mobile phone and slot the phone into the front of the goggles

Designing and installing a Snoezelen® Multi-Sensory Environment doesn't have to be difficult.

Using our 30 plus years of experience, Rompa® will manage the project for you to ensure that your experience is stress free!

1. Contact Us

Call us with your requirements or brief and we will arrange help and a visit if required.

2. We'll Meet to Discuss

An experienced Sales Advisor will visit you at an agreed date and time to take measurements of the room and find out more about your needs.

3. We'll Design For You

Based on the meeting with our sales advisor we will create a bespoke design taking into account all of your needs.

4. We Quote

We will create an itemised quotation for your project so you can understand where your investment is being placed and make amendments if required.

5. We Listen

When you are happy with your design and quotation (changes can be made if needed) we agree on the project and you place an order with us.

6. If Required We Perform a Site Survey

Our trained installation team will visit the room/area we will be installing into and perform a site survey taking accurate measurements of the area so we can manufacture to the correct specification.

8. We Install

We agree a time and date convenient for you - our highly skilled installation team will visit and install your brand new environment.

10. We Maintain

Maintenance packages are available and can be tailored to your needs. We will discuss these options with you.

7. We Manufacture

Based on the site survey our manufacturing team will produce the items and equipment for your project. The lead time for this is typically 6 weeks. Need it quicker? Contact us to find out if we can produce it sooner.

9. We Train

Where possible we will train you immediately after installation. We want to leave you with an environment that you know how to use and maintain.

Our best-selling Cost-Conscious options include:

- Fibre Optic UFO – see page 37
- Laser Sphere Projector – see page 47
- Colour Acrylic Mirror – see page 131
- Infinity Lights Mirror – see page 132
- Vibrating Neck Cushion – see page 148
- 3-in-1 Aroma Lamp with Speaker – see page 159

Also look out for our Saver Packs, kits which are more economical than purchasing the components individually. Our Snoezelen® Sensory Corner Kit remains a firm favourite with families – see page 61.

Cost-Conscious options

We believe that multi-sensory resources should be accessible and affordable.

That is why our range continuously grows to include budget-friendly options as well as deluxe and highly

interactive offerings. These options tend to have less functionality than some of our other products, but are nonetheless valuable for providing multi-sensory input. These products may be of special interest to families who have experienced the benefits of multi-sensory environments in schools, hospitals, clinics or other large settings and who wish to replicate these benefits at home on a more modest scale.

These products also make great gifts for families for birthdays and Christmas

Look out for this logo that indicates cost-conscious options throughout this catalogue

www.rompa.com

sales@rompa.com

Each customer has their own unique needs and specific requirements.

Through our in-house manufacturing expertise we are happy to meet these.

Like the product, but want to change it?
We can adapt many of our products accordingly.
For example, we can ...

- Put handles on our Floor Mats so you can move these

handles for ease of manouverability

- Attach pockets for shoes to the side of a ballpool
- Add a harness to a chair such as our Rocker

Want a new product altogether?

If you have your own vision for a product, such as a piece of furniture, a tactile panel or a Soft Play item, talk to us!

Let us create your dream

We are proud to be British manufacturers. This enables us to offer you bespoke solutions.

Many of the products in the Snoezelen®, Soft Play and Furniture sections are made by ROMPA® at our Chesterfield premises.

These items can be made in a variety of sizes as well as fabrics and colours.

Look out for this symbol throughout the catalogue that indicates that a colour choice is available.

Once you have selected your products, our order form can be found at the end of this catalogue. Where indicated, you will be asked to choose your required fabric and colour. Details of fabrics and colours can be found on pages 222 - 223.

See our wide range of colours & fabrics at the back of our Catalogue

COLOUR COMMAND CENTRE™

Snoezelen® Colour Command Centre™ by ROMPA®

Rompa's largest interactive wireless controller. Rewarding and responsive; empowering and engaging. Navigate through a spectrum of colours, patterns and levels of brightness on the large Colour Command Centre. Be amazed as the room transforms as other Rompa® wireless products change colour to match. Change the colour and the brightness of the large display as well as that of other ROMPA® products in your room. Unique, in that this is both a ROMPA® Wi Fi controller and a Wi Fi controllable product.

- 2 modes of operation - passive and interactive
- Different effects such as solid colours, colour fading in and out, lights looping around the display
- Multiple illuminated push buttons at the base and within the display
- Use the panel buttons to select a base colour; then press the onscreen buttons to adjust the hues and brightness of that colour
- Sockets for your own switches
- Can be use with a microphone for a sound to light effect to encourage vocalisation

Please specify your colour when ordering (page 15). Size: 115H x 67W x 10cm.

SENSORY MAGIC®

Immersive Environment
Control at your Fingertips

Sensory Magic®

Exclusively developed by ROMPA®, the large Sensory Magic® Touch Screen system allows easy control of your Snoezelen® environment and features software that can be specifically tailored to each customer's needs.

- Accessible environmental control
- Inclusive - suitable for all ages
- Empowers users through interactivity, control and choice
- Operates Snoezelen® products such as bubble tubes, wall panels, projectors, lights and fibre optics – these can be switched on or off at one point
- Plays music (e.g. mp3/4, CD, wav, iPod and more)
- Plays various media (e.g. pictures, photos, movies, internet)
- Set timed mood lighting that is compatible with ROMPA® Wi Fi controllers
- Fully customisable, immersive themes and environments through imagery, sound, colours and aroma (e.g. underwater scapes)
- Assessment tool incorporated for outcome measures - monitor user progress
- 'Bolt on' more ROMPA® products at a later date - compatible with many ROMPA® products, including the ROMPA® Interactive Lighting System
- User friendly – easy to operate touch-screen with a simple, intuitive navigation system
- Client-friendly – choose from our extensive range of Wi Fi products (e.g. our Deluxe 8 Colour Wirefree Controller - see pages 14 to 25)
- Sleek, modern and robust
- Wireless for seamless and instantaneous control of individual products as well as whole rooms

This versatile system includes a touch screen, software, wireless keyboard and mouse, digital projector and stereo speakers. For safety, it can be locked when not in operation. By using Sensory Magic® with the wide range of compatible Multi-Sensory products made exclusively by ROMPA®, users can create unique immersive environments and experiences like never before; and control them. Both the fixed and portable systems require, but do not include, ROMPA® Wi Fi multi-sensory products and internet access for remote support - see www.rompa.com for compatible products.

Meeting all appropriate CE and FCC standards, this cleverly conceived package is compact and simplicity itself to use.

Please contact us for further information. Size: typically 68W x 100H x 11cmD

TAKING CONTROL with Rompa® wifi controllers

ROMPA® wireless controllers

Break free of wires

Huge choice of wirefree remote
controllers and controllable products

Empowering and enabling

No hidden extras required

Wireless capabilities built into key
multi-sensory ranges as standard

“Respect for the person’s own choice
and his own pace are a matter of
course.”

Snoezelen Another World book

“Even better than expected. This
controller is fab! I really like the fact it’s
‘oversized’ ... my daughter absolutely
loves being able to change the colours
herself, but loves more the setting
for funny noises ... it’s great ... Very
pleased with this item and definitely
recommend it.”

Lisa R., Verified Buyer, Bicester

Bespoke Solutions

We can incorporate our Wi Fi Controllers (such as the 8 Colour Controller) into our ROMPA® cushioning. Contact us for more information.

ROMPA® Wi Fi Colour Control Bumpas – Set of 8

Two of our most popular products combined – Bumpas and our 8 Colour Wirefree Controller. Choose the colour of the lights in your room by pressing the corresponding coloured circle of the Bumpa. The high contrast of the black and white adds visual interest. Great for encouraging interaction, understanding of cause and effect, movement, turn-taking and provides a feeling of choice, control and empowerment. PVC.

Size: overall 115cmH x 20cmD; each Bumpa 30cmW

Super Switch - Deluxe

8 Colour Wirefree Controller

The king of switches! Wireless and wonderful! Controls 8 colours!

- With pre-recorded multi-lingual words and sounds (colours, numbers, fun sounds and a musical scale so you can play tunes)
- Wirelessly change the colours of products
- Timer facility to adjust the length of time a colour is activated
- Rechargeable – includes charger which doubles up as a plug if you forget to charge it
- Customisable - with a USB port so you can add your own sounds
- Sounds can be removed altogether to avoid sensory overload and to aid individuals who sensory avoid to grade up their tolerance
- With 9 large, raised buttons to interactively operate multiple products
- With 9 external 3.5mm jack sockets to add your own switches
- Can be used with Sensory Magic®, Midi and Maxi Bubble Tubes, Light Source, ROMPA® Wall Panels, Wi Fi Spotlight, Wi Fi Mood Lighting, Wi Fi Colour Controller and more

- Additional controls on the underside including LCD display with pre-programmed functions

- For all ages and abilities

Integral rechargeable battery included.

Size: 37cm diameter x 12cmH

"Clever piece of technology... We liked the fact it is wi fi ... We also like the fact it turns off bubbles too and you can use it like a mini piano. All in all a really clever little piece of kit!" Dawne, Verified Buyer, Bridport

Blue!

Talking Cube by ROMPA®

These wireless talking soft play cubes is multi-purpose and has endless educational applications. It enables the user to control the colours of the sensory environment - throw or drop the cube and change the room colours. Each of the 6 brightly coloured sides has a transparent pocket into which you can add your own pictures, symbols, words or photographs. You can easily customise each cube face with your own pre-recorded message, with your voice! To promote colour recognition, simply roll the cube and listen as the name of the uppermost colour is heard. Make the cube land on the colour blue and be rewarded with the sound "blue!" Throw a green and hear the word "green!" and so on. Ideal for developing the understanding of cause and effect, colour recognition, picture recognition, reminiscence, developing listening and motor skills, put dots in the pockets for use as a die ... the possibilities are endless! Includes cube, speaker and 9V battery. These products has a zip for manufacturing purposes only.

- A highly popular product in our Wi Fi range
- Can change Bubble Tube, Panel, Wi Fi LED Spotlight, Wi Fi Colour Wall Controller, Wi Fi Mood Lighting and Fibre Optic colours
- No PC or programming required
- Audible and visual!
- Easily personalised with your own recordings and images

"Amazing product. Would highly recommend it. Works really well ... you can record your own voice over each side."

Rompa® Bubble Tubes

Water a problem?

Waterless options available where infection control is essential. We also offer money-saving packages - look for our Sensory Corner Kits on page 61

Uses of ROMPA® Bubble Tubes

1. To draw attention, encourage focus or to distract – colour, lights and bubbles are visually engaging
2. To lift mood (provide enjoyment)
3. To calm, encourage relaxation and reduce anxiety (which has physical and psychological well-being benefits)
4. For visual tracking opportunities e.g. with fish, balls, cubes ... (which has implications for many activities of daily living such as reading and writing)
5. To provide tactile input (hold/cuddle the cool and firm tube to feel the vibration through the whole body and access deep pressure)
6. To provide auditory input (soothing humming of the pump)
7. For meaningful communication and learning (the right level of activity), with switches and controllers, such as colour recognition, social skills (turn-taking) and understanding cause and effect (and for supervisors to learn more about users' sensory preferences and needs)
8. To allow choice and control and so empower users (fundamental aims of Snoezelen®) through a variety of controllers, including a microphone
9. To practice motor skills – pressing buttons on switches, throwing cubes, reaching up and around the tube ...
10. To maximise space – bubble tubes can be tall and have compact bases. Combined with slim acrylic mirrors, a bubble tube corner provide a striking and vibrant focal point in sensory rooms, bedrooms and more

We believe ours are the best – your continued loyalty suggests you, our customers agree!

"A flood of air bubbles, a series of colourful, glittering little balls ... the visual stimulus predominates and the tactile comes later ... the tactile sensation is especially valuable for blind visitors ... there is also auditory stimulus. The stream of bubbles makes a gurgling sound and there is the hum of the air pump."

Snoezelen Another World book

"Absolutely STUNNING"

We couldn't be more pleased. We have only had cheap tubes before this one and the difference is astounding. When we first turned it on we all took a gasp it was so beautiful. It's so bright and vibrant. The actual bubbles are huge. The gurgling and vibration are very soothing. It's extremely sturdy and well built and shouts high quality product. Fantastic product, highly recommended."

Cleansing Water in Bubble Tubes

To counteract the risk of bacterial growth in the bubble tube water the following procedures are suggested:

- * Monthly changing of the water using an appropriate pump
- * Monthly addition of BCB Fluid

This information is given without prejudice and in good faith and infers no liability on ROMPA®'s part

BCB Water Treatment Fluid

Add monthly to the water in your Bubble Tube, Double Bubble Bonanza™ and Bubble Water Walls to help prevent bacteria, smell and algae. Organic biocide that will not cloud or damage the acrylic tube. Simple and safe to use. A single bottle can treat a 1m tube for up to 2 years. Long shelf life – lasts up to 4 years. 500ml.

Wi Fi Override Transmitter

A discrete controller to allow carers, teachers and supervisors to override our other Wi Fi controllers. Designed for situations where a client has almost activated one of our Wi Fi controllers but has not exerted enough pressure on a switch button, or has missed the button. Intended to make sure a client receives a reward for their efforts, and so keep clients motivated and encouraged. Allows the carer to change and maintain the colour of Wi Fi products when they are with clients and so avoids the need to move, disturb or distract the client when they are focused on the activity. Includes the infra-red handset (with 1 CR2025 button cell battery included), controller interface and universal power supply. Requires a Wi Fi Controller (e.g. Deluxe 8 Colour Wirefree Controller) and Wi Fi responsive products such as bubble tubes, light sources etc.

Size: handset 8.5L x 5.1 x 0.7cm

Custom-Made Cushioned Platforms

ROMPA® can manufacture Cushioned Platforms to suit your space exactly. You tell us the dimensions and shape it needs to be, how many bubble tubes it's for and if 'mouse holes' are required for fibre optics. We will gladly then prepare a quotation for you. We can of course also supply mirrors in almost any size to compliment your bespoke platform.

Cushioned Seats by ROMPA®

Positioned next to the cushioned platforms and in front of wall mats (neither included) to allow clients to comfortably enjoy the tactile experience of touching the bubble units. A cut out can also be made in the base to allow accessibility to fibre optic spray units whilst leaving the mechanical parts safely hidden. This product contains wood and has a zip for manufacturing purposes only. Vinyl - please specify colour when ordering (see back of catalogue). Additional cushioning shown for illustration purposes.

Size: 50W x 90L x 30cmH

£149.95

Fibre Optics provide light you can touch, hold, capture and feel! Ideal for those with sensory avoidance and difficulty enjoying the normal range of lighting effects. Fibre optics stimulate and hold attention. They are safe to touch, phthalate-, glass- and latex-free. Fibre Optics from ROMPA® are three-strand and so are considerably more effective than cheaper single strand options. Our wonderful light sources complement these safe fibre optics perfectly - they are quiet, cool, very compact and also wirelessly interactive. Fibre optics are safe to handle but are not suitable for Oral Sensory Seekers.

Light Source by ROMPA®

One little box, many possibilities

The Snoezelen® Light Source by ROMPA®

The power house behind fibre optic strands, mats, cloths and curtains

Wirelessly controllable

Gentle and continuously fading through colours

Maintenance-free

ROMPA® exclusive

Must be used with:

- Fibre Optic Spray
- Milky Way Mats
- Shimmering Curtain
- Bamboo Fibre Optics
- Star Ceiling Circle
- U V Fibre Optic Spray

Uses of ROMPA® Fibre Optics

1. To provide visual stimulation and facilitate safe access to light, including amongst visually-impaired users and those with PMLD – the fibres can be safely held
2. For learning opportunities e.g. colour recognition (the colour changes dynamically) as well as colour matching and understanding cause/effect when used with controllers.
3. To provide tactile stimulation – the soothing weight of a harness across the lap or stroking the tips across the hands, arms etc. like a brush. Some fibres are textured, such as our Bamboo Fibre Optics
4. To provide sensory input to immobile and bed-bound users through ceiling-mounted Clouds, Panels, Circles and Chandeliers. Using a fan near suspended strands to make these move gently can increase the visual effect.
5. To separate off areas and visibly create zones within a space using Combs and Curtains. Users can feel immersed and safely enclosed in these areas
6. To maximise space – fibre optics can be threaded into carpets – we have options for floors, walls and ceilings
7. To calm, soothe and encourage relaxation – through softly changing colours and by providing a distraction from anxieties and discomfort
8. To help individuals on the Autism spectrum to concentrate and improve attention
9. To allow choice and control and so empower users (fundamental aims of Snoezelen®) through use with a variety of controllers, including a microphone. Individual strands can be used or whole harnesses, again facilitating choice and a person-centred approach.
10. To encourage motor skills and exploration – strands can be fanned out, threaded through loosely-knitted items, draped over the body, wrapped around the body and fingers can be passed through the tails

Wi Fi Starry Sky Panel

A stunning night sky – indoors. Wirelessly controllable using any of ROMPA®'s many Wi Fi controllers (e.g. 8 Colour Wirefree Controller, Wi Fi Microphone etc - see pages 21-22). Black. Most effective in darkened environments. To be ceiling mounted. Includes light source 19210.

Size: 120 x 120 x 3.2cmD. Great for bedrooms!

Super Safe Plastic Fibre Optics

The ultimate in fibre optic safety!

These plastic tails are the safest fibre optic option available. Use of all fibre optic products should be supervised. Fibre optics should never be mouthed. Requires light source 19210 or 21452 for 2 harnesses.

Super Safe Fibre Optics, Light Source and 8 Colour Wirefree Controller

"The package of items work well together, producing clear bright light effects which change instantly when different buttons are pressed. The fibre optics are very effective for our sight limited children and for those with autistic spectrum conditions and PMLD, the children love to wrap the fibres around themselves and run their fingers through the fibres as the colours change, they also love to change the colour of the room when all the fibre optic are in use. The items are all well made and easy to use."

Caroline Jones, Grant Co-ordinator, Gloucestershire

17905 Super Safe Plastic Fibre Optics

"Fab lights. My girl loves them in her sensory corner. I've tried other like this from elsewhere and these are the best ones we have had."

ROMPA® Interactive Lighting System

Music through movement! A whole new meaning to air-guitar and pretend drums! Interact with beams of coloured light by passing a hand, foot or reflective bat through them. Trigger sounds at the wave of an arm ... Activate chords at the sweep of a bat ... Play interactive music games whilst setting off images, videos and graphics...

- 'Indestructible' beams act as powerful visual reference points for participants
- Turn-key operation
- Fits within the Curriculum
- Recognisable rhymes, tunes and fun sound effects
- Audio-visual effects in real-time
- Pre-programmed yet easily updated
- Space-saving
- Safe, hygienic and effective – nothing to trip over or touch!
- Multiple beams can be installed together
- Helps understanding of cause and effect and stimulates hand-eye co-ordination, interaction as well as motor, musical and listening skills
- Compatible with Sensory Magic®

Includes:

- PC or Laptop
- Cool-running beams with long-life low voltage bulbs, all cables and accessories
- Control Box
- Software
- Reflective bats
- Reflective floor pads
- Manuals

For fixed installation – contact us about our Design and Installation services.

Features:

- Numeracy play
- Timer Control
- New musical features
- ... even more to inspire and empower participants to influence their own environment and get couch- and mouse-potatoes moving!

This range is extensive and evolving. Contact us for information about further options.

R120127	8 beam system	VAT Relief	£5,999.95
R120128	4 beam system	VAT Relief	£4,599.95

"A valuable resource for customers using our service at Goscote Centre. It provides multiple benefits where our customers can explore the sensory environment via the use of interactive beams. Uploading photographs personal to the individual using the system creates a unique experience which can be comforting, whilst enhancing learning and play. The sessions are tailored and personalised to meet individual need which is an objective we aim to achieve throughout our day to day service delivery. We use our system in many ways e.g. to develop interactive skills within small groups to encourage the users to take turns to activate the beams. For customers who benefit from visual stimulation seeing images that change as a result of their actions develops their understanding of cause and effect".

Emma Partridge, Senior Reablement Officer, Day Opportunities & Employment Adult Social Care

"The system has been a very accessible and exciting for our pupils. It is very responsive to the smallest movement so even our more physical disabled pupils have been able to produce sound and contribute to a greater sound installation, for example, our iPad Orchestra. Pupils were very keen to give it a go and experiment with the sound effects".

Ellen Croft, PMLD Curriculum Leader, Leicester

"Excellent for immediate engagement in a huge range of activities that can cover pretty much any area of the curriculum. For first-time musicians it can be used as an errorless method to explore an instrument or for those struggling to engage in maths, it can be subtly woven into numeracy-based activities... Easy to use which enables all the staff, regardless of their IT capabilities ... One of the greatest features is that it can be completely customised to suit the needs of a wide variety of learner profiles... Our learners have loved using the Optimusic system and are also realising the health benefits as 'Chase the Beam' has become enormously popular".

Chris Buckley, Head of Education, School in Seaford

"We use our Opti-music in all our themes created within our Curriculum Sensory Space.

These have included themed sessions such as the circus where students had the opportunity to sit or lay in a sensory swing and move around with batons or stick on pads to break the beams making various circus themed noises whilst pretending to be Acrobats. On the Farm - students had great fun taking turns to guess what animal would appear on the screen and what noise they could hear when breaking the beams. In our Native Americans theme the students had the opportunity to make up tunes using the drum programme and each took turns breaking a beam matching colour symbols to colour beam to create a drum beat for a pretend Pow Wow. The Opti-music has become a valuable piece of equipment in our Curriculum Sensory Space and has given our students the opportunities to develop both fine and gross motor skills, concentration skills, social skills and most importantly independence by being able to explore and create to their own level of abilities".

Clare Coombs (HLTA), School, Bracknell

Interactive Wall Projection

Imagine looking into a mirror and seeing yourself playing drums, splatting critters or tapping stars to change their colour and to make sounds. A movement of the hand or a flick of a finger can trigger any number of audio-visual events around you ...

- Truly immersive, responsive and rewarding for individuals and groups
- Encourages movement and interaction by providing real-time audiovisual feedback by way of effects, object interactions and rewarding activities
- Includes a wide variety of engaging app experiences designed for learning, therapy and play
- Control avatars, interact with friends, control music and visual effects and much more
- Any part of the body can be a controller making it simple to adapt for the needs of all participants
- Supports full body interaction, with enhanced accessibility options to interact using eye gaze, touch, mouse, game controllers, voice control and switches
- Launch apps and control the system with the controller app for Apple and Android devices
- Customisable - make your own apps with interactive objects and effects, video layers, voice control
- Create accounts and keep track of user interaction with HD recordings of in-screen activity and watch back instantly

Available in two forms:

- Fixed installation with wall projector
- Mobile unit with projector

Both come with UST Projector, Gaming PC, Software, Tracking System, Sound System and all necessary cables.

Immersive Projection Environments

Combine an interactive floor with an interactive wall or choose 360° interaction for a truly immersive environment ...

Gesture-based, users move to create dynamic effects on the surfaces around them. Make waves in the ocean, escape to a countryside dawn, explore outer space – it's up to you where you can go and what you can do!

Using highly responsive hardware, the latest motion-tracking technology and inviting, easy-to-use software with pre-loaded and editable themes, these systems offer endless opportunities for education, leisure and therapy. These environments bring learning to life and help to engage and include individuals of all abilities, as well as facilitating virtual experiences that may otherwise be inaccessible.

With edge blend technology your immersive room can feature content that can seamlessly wrap around corners, use curved projection or produce large panoramic landscapes. Projectors can also operate individually for multiple and independent activities in one area. What's more, customers can customise the imagery and sounds to suit personal need, adding their own photos, videos or music to tailor the environment to their requirements.

As each room is different and hardware is available in a range of specifications, please contact us for a quotation.

Control dynamic interactive displays using gesture and movement.

Swipe your foot across the floor to kick a virtual football, walk through a pond to make fish swim, run through leaves to scatter them in all directions or step on the correct answer buzzer in a multiple choice quiz.

- Visual, audible and super-responsive
- The opportunities for learning, imagination, interaction and enjoyment are limitless.
- Empowering and encourages choice and control
- Easy to use and customise

£7,999.95

Wonderful for therapy, education and entertainment for children, adults and older adults. Combines the responsiveness and activity opportunities of interactive projection with the palpable experience of sand for a highly multi-sensory experience. Interactive augmented reality allows users to transform sand into the earth's surface with lakes, mountains, volcanoes and valleys; to dig up dinosaur fossils; to play 'football' and much, much more. Loose materials such as sand allow imaginative play and creative activity whilst providing tactile sensations that promote fine motor skills, tactile perception and hand-eye coordination.

White frame as standard - other colours available upon request. Includes:

- Table frame with metal reservoir for sand, laminated board top (to turn this into an interactive table), additional legs (to adjust the height) and projector arm
- Projector with 3D depth sensor, USB and HDMI cables
- Marble sand (recommended by therapists for motor skills development as especially mouldable)
- 94 wooden sensor objects – for the Interactive table games
- Wireless keyboard
- Software featuring activities for sand and table.

190kg, including 98kg of marble sand. Supplied in a crate. We recommend that this product is professionally installed as set up requires some time and competence.

"This is a versatile interactive tool which can be adapted to accommodate different levels of physical and cognitive ability. Largely suitable for children and young people but will also appeal to older teenagers. The interactive table top allows for educational opportunities such as spelling and reading challenges which encompass hand eye co-ordination and object recognition. More challenging table top games include designing a city in which the user can include objects such as buildings to challenge topographical orientation and problem solving. All these activities can be undertaken one to one or as a group activity to foster collegiality and team work.

The sand box is an additional element which extends the activities to include more tactile input. Again games offer different levels of complexity and have broad enough themes to appeal to a range of interests. The quiz games require hand eye co-ordination, scanning and searching, and problem solving. For example, seeking out buried treasure requires spotting corners of the treasure chest sticking out of the sand then digging them out whereas digging out mines requires you to seek carefully then lift the mines out gently. The lakes and mountains, and volcano programmes are excellent opportunities for collaborative play as well as strategic problem solving. These activities can also be augmented with additional items such as play figures to increase the challenges of the task undertaken.

Overall, this is a versatile tool that can be used for immersive play as well as for therapeutic interaction. The multi-sensory components increase engagement and attention as well as providing a flexible level of sensory stimulation."

Lesley Collier, Divisional Lead/Reader - Occupational Therapy, Brunel University London

Interactive Projection Sand Box

R123415 Standard. 190kg, including 98kg of marble sand. Size: 110 x 83 x 200cmH

Compact Mobile Interactive Floor Projection

Our smallest system that was designed to make interactive projection accessible, affordable and easy at home, so families can replicate the benefits of the larger interactive systems their children access at school within the comfort of the home. Extremely portable and lightweight with no set up required. Includes themes, imagery, videos and sound effects for plug and play use, as well as click-together foam flooring and a full training manual. Roughly the size of a shoe box and weighing just 1.7kg, this allows parents to transform a bedroom or lounge floor into a fun and interactive environment. LED-based and low-voltage (one plug). 1000 lumens so the projected image is considerably less sharp than that of the other two mobile options. Wall-mountable. Optional trolley available for projecting onto a table top or wheelchair tray - contact us for more information.

Size: 12W x 15D x 19cmH; image size: 1.2mW x 0.9mH

Wi Fi LED Spotlight

Compact, cool-running and maintenance-free spotlight. Choose one colour light all the time (6 options and white), from several colour changing programs or use interactively with a ROMPA® Wi Fi controller and Sensory Magic®. Visual effect is easily adjusted using DIP switches underneath, as is speed of colour change. No need for a colour wheel or lamp changes. With integral, angle-adjustable bracket. For indoor use only.

Weight: 0.8kg. Size: 18 x 12 x 10.5cm

R120878

£169.95

Mirror Ball

When a spotlight is shone onto the Mirror Ball, multiple reflections of moving lights cascade around the room creating a truly mesmerising experience. The mirror ball works at its best attached to a motor which rotates the ball. This is not included but can be purchased separately (product code 18524 or 18525). The drive unit needs to be fixed to the ceiling or overhead support and connected to a 240v mains supply. Ideally used with an LED Spotlight e.g. Wi-Fi LED Spotlight (product code 20878). Typically with glass facets. Locate out of reach (not intended to be handled).

R120546 30cm diameter

£27.95

R118524 Motor 1 - 1½ RPM. Our recommended means of revolving a mirror ball.

£69.95

AVAILABLE FROM APRIL 2021!

LED Ceiling Panels - Set of 4

Transform an uninspiring or dark space into an inviting, cozy environment. The ultra-thin LED panels replace the desired number existing ceiling tiles. The high-quality image helps create an atmosphere and provide an illusion of daylight, as if it were a real window. Consists of 60x60 cm LED panels, graphic photo, adapter and white aluminium lifter.

Several different sets and designs are available, including Clouds Air Balloon; Clouds Oak Leaf; Clouds Pink Blossom; Clouds Sun; Fish and Balloons. Please contact us for further information.

- Large and bright visual display – visible from a distance, for visually impaired users, multiple users
- A set so looks more realistic than a single panel
- Simple to install – standard ceiling panel sizes
- Suitable for all ages and abilities
- Can be enjoyed regardless of ability – does not require any intellectual reasoning or prediction
- Realistic artwork – looks real
- Static so won't cause dizziness – motionless unlike Projectors and Effect Wheels
- Colourful and clever optical illusion – implies access to the outside in rooms that have no natural light
- Great for individuals who are bed-bound, who spend hours looking at a ceiling and who are otherwise unable to access outside spaces
- Cheerful and bright – could help lift mood – soothing, universally-liked motifs
- Distracting in medical treatment areas and dentists
- Makes maximum use of minimal space – good for small rooms with larger budgets
- Could be used to generate a theme e.g. with outdoor aromas, aquatic bubble tubes etc

COMING SOON

Sensory Profile Packs

Contents may vary subject to availability

Originally designed by the highly respected Senior Lecturer Lesley Collier of Brunel University London to manage set patterns of behaviour that may be a result of sensory processing difficulties. These difficulties may be experienced by all generations from those with no clinical problems through to those with diagnoses such as Autism, Anxiety, Learning Disabilities, Alzheimer's disease, Schizophrenia and Stroke, amongst others. Based around the Model of Sensory Processing (Dunn, 2001). To identify which sensory type you fall within the Sensory Profile will need to be completed. Each pack includes products that will provide a more appropriate level of stimulation to each of the senses, including movement (proprioceptive and vestibular stimulation). The Home Packs are intended for use by families.

Sensory Seeking

This person seeks out sensory experiences in everyday life and has a high sensory threshold, meaning they require lots of stimulation or a more intense sensory stimulus in order to respond. In order to achieve this they will actively seek out sensory experiences, e.g. people who like theme park rides. Typically includes: Infinity Light Wand; Twirly Whirly Rainmaker; Tactodiscs; Shape Shakers; Massage Tube; MohDoh™ (sleep, calm & think); Rainbow Slinky; Water Wiggly; Sparkly Play Foam Set; Tactile Patch Match; Flashing Rainbow Knot Ball; Tactodiscs (set 1); Feely Hand Ball (7cm red); Orange 5.5cm Hedgehog Ball; Musical Mat and Space Blanket. Colours and content may vary subject to availability.

R121174

£199.95

Sensory Seeking Home Pack

Typically includes Infinity Light Wand; Flashing Rainbow Knot Ball; Space Blanket; Diddy Rain Shaker; Massage Tube; Hedgehog Ball; MohDoh™; Rainbow Slinky and Water Wiggly. Contents and colours may vary subject to availability.

R121201

£49.95

Sensory Sensitive

This person readily notices sensory stimuli and may be uncomfortable or distracted by them. He or she has a low sensory threshold, meaning they do not need much sensory stimulation in order to respond. However, rather than manage this level of stimulation they are easily distracted by it, e.g. being distracted by an untidy room. Typically includes Aromatherapy Kit; Chiffon Squares; Aroma Diffuser; Dolphin; Spiral Glitter Wand; Flashing Rainbow Knot Ball; Jungle Bowling Set; Vibrating Neck Cushion; Colour Changing Egg; Aroma Huggabuddies (animal may vary); Plush Cat; Rhythm Pals; Animal Sound Tin. Colours and content may vary subject to availability.

£199.95

Sensory Sensitive Home Pack

Typically includes Chiffon Squares (x 3); Glostars; Flashing Rainbow Knot Ball; Vibrating Neck Cushion; Colour Changing Egg; Aroma Huggabuddies (Giraffe); Animal Sound Tin. Colours and content may vary subject to availability.

R121203

£54.95

Low Registration

This person does not notice or misses sensory events in everyday life that others readily notice or is slow to respond to sensory stimulation. He or she has a high sensory threshold, meaning they require lots of stimulation or a more intense sensory stimulus in order to respond. However, despite this need they do not actively seeking sensory stimulation out, e.g. not noticing someone entering the room. Typically include: Spiral Glitter Wands; Spotty Spinner Ball; Spiky Rainbow Ball Set (3); Infinity Light Wand; Egg Shaker; Shape Shakers; Foot Massage Rolls; Aroma Diffuser; Aromatherapy Kit; Name That Smell; Foam Football; Gymnastic Ribbon; Big Bug Massager; Floor Target Bean Bag Set and Koosh Balls. Colours and content may vary subject to availability.

R121202

£49.95

Sensory Avoider

This person deliberately acts to reduce or prevent exposure to sensory stimuli. This individual has a low sensory threshold, meaning they do not need much sensory stimulation in order to respond. As a result, they actively find ways to avoid too much sensory input during the day, e.g. only eating familiar food when in a foreign country. Typically includes; Bird Mobile; Eggsercizers; Sensory Squares; Aroma Diffuser; Water Wiggly; Koosh Ball; Jungling Bowling Set; Vibrating Neck Cushion; Sparkly Play Foam Set; Aroma Huggabuddies (Giraffe); Rain Tube; Egg Shaker; Flashing Textured Balls; Constellation Ball; CD Piano by the sea. Colours and content may vary subject to availability.

School Sensory Spaces Saver Pack

A collection of carefully selected products to use in a classroom, gym or corridor. Especially effective when purchased in multiples to accommodate a group of learners. The components can be used in a variety of ways e.g. Multi-Purpose Ball can be sat on in the Ball Stand or rolled over prone students to provide deep pressure input; The Tactile Multi-Purpose Cushions can be sat on or used as part of trail for balance, core strength, spatial awareness and co-ordination. As many of the products have multiple uses, these can energise and stimulate users or be used to calm and relax learners. More economical than purchasing parts separately. Contents and colours may vary, but set typically includes:

- Large Balance Dome
- Bumpy Multi-Purpose Ball
- Ball Stand
- Tactile Multi-Purpose Cushion (one 32cm and one 39cm)
- Jumping Seat
- TeeterPopper™
- Tactodiscs
- Sensory Circles Set
- Hilltops - Set of 5
- 6 Sensorings

R123210

£399.95

Sensory Gym Saver Pack

A comprehensive set based upon the growing popularity of Sensory Gyms in Australia and America. Provides a range of movement opportunities for users with additional needs (e.g. ASD), making gyms and leisure centres more inclusive and accessible to the whole family. More economical than purchasing parts separately. Contents may vary, but typically includes:

- Balanza® Seesaw
- Hip Hop Jumping Cushion - Large
- 3 Concertina Mats
- Giant Saucer
- Floppy Island
- Rocker 'n' Roll
- Low Wedge
- Low Steps

Colours as shown (cannot be specified) are only available in 1 block colour.

R123208

£1,899.95

Sensory Circuits Saver Pack

Everything you need to help you create a sensory circuit. Perfect for schools to energise and settle students at the start of the day or after lunch in readiness for learning. Encourages concentration and focus as well as improving sensory processing skills. Motivating and engaging, sensory circuits can help improve self-esteem, alertness, spatial awareness and physical well-being. Includes activities for alerting (stimulation to prepare the brain for learning e.g. spinning, bouncing, jumping), organising (using motor sensory processing and timing skills for multi-tasking in the correct order e.g. balancing, co-ordination activities) and calming (last of all to avoid hyperactivity e.g. deep pressure and rocking). Especially effective when purchased in multiples for more students to enjoy. Contents and colours may vary but pack typically includes: Concertina Mat, Sand Snake, 2 PVC Hoops, Gymnastics Ribbon, Hop Ball, Lolo, Multi-Purpose Ball, Spinning Cone, Tactodiscs, Mini Rocking Board, Weight & Balance Cushions.

R122481

Typically includes: Blue 10cm Hedgehog Ball; Massage Tube; Sensaring; Sensory Squares; Mini Rainstick; Colour Tennis Balls; Oactivity; Sand Snake; Vibrating Neck Cushion; Foam Balls 16cm Red; Echo The Elephant & Tactile Patch Match. Colours and content may vary subject to availability. Some of these components are for 3 years and over. This pack may contain some small parts. Some of these products will require batteries.

R119114

£169.95

At Home Family Saver Pack by ROMPA®

Carefully chosen products designed to bring Snoezelen® magic into your home. Offering you a saving compared with individual purchases, this pack is perfect for domestic bedrooms, hospices, respite centres etc. Avoids the typically gender-associated colours and may suit shorter-term accommodation and rooms that will be used by several people at different times. Includes: White Mini Bean Bag, Space Projector, Midi Bubble Tube, Hedgehog Balls, Aroma Diffuser and Aromatherapy Kit, Glostars, Mirror with Cushioned Frame and Fibre Optic UFO. Contents may vary subject to availability. Please obtain guidance from your professional advisor as to the suitability of this package for your client.

For 3 years and over. This pack may contain some small parts. Some of these products will require batteries.

Have you visited our fantastic Meaningful Activities for Older Adults website?

www.olderadults.co.uk

Meaningful Activities for Older Adults supports Care Homes, Carers, Family members and friends with resources for: meaningful activities, reminiscence, rehabilitation, orientation, Snoezelen® MSE, furniture and so much more.

Transform any space into a multi-sensory reminiscence area with our innovative, space saving sensory furniture range.

Space can be at a premium in care homes and you may not always be able to have a Snoezelen® Multi-Sensory Environment and a reminiscence room. We have addressed this problem by combining traditional furniture with Snoezelen® multi-sensory products.

There are lots of products throughout this catalogue that are useful for baby sensory activities. Look out for this logo

Making Music with Mummy - Baby Sensory Saver Pack

A variety of sounds and instruments to grab baby's attention as well as encourage tot's movement, co-ordination and listening skills. Exposure to music helps children differentiate and identify sound patterns, learn through repetition and provides the foundation skills for literacy and numeracy. Contents may vary but typically include rainsticks, shakers, Pull & Play Xylophone, PipSquigz, Rhythm Pals - Set of 4 and a CD.

R123397

£70.95

Moving with Mummy - Baby Sensory Saver Pack

Get babies and tots grabbing and gripping, throwing and turning, sorting and spinning – encourage a variety of motor skills to help in later childhood with imaginative and social play, as well as activities of daily living, such as holding pencils and cutlery. Contents may vary but typically include Jungle Bowling, Spin and Feed Shape Sorter, Oibo cubes, Mini Top and set of 6 tactile balls.

R123398

£90.95

See and Stimulate - Baby Sensory Saver Pack

As baby grows and his/her vision develops, these resources can be used to encourage focus, visual tracking (following objects with the eyes), colour and depth perception, object recognition, social awareness (looking at own reflection) and hand-eye co-ordination. This pack provides opportunities for play (essential for learning) as well as opportunities for identifying any sight/developmental problems. Contents may vary but typically include Mystery Sensory Balls (for sound as well as reflection), Flip Fish (for colour as well as tactile stimulation), Crab Mirror (for bathtime play), Oibo cubes (for motor skills) and a Parachute (useful for supervised family/group activity such as lifting and lowering the parachute over a lying tot to create a soft breeze).

R123399

£85.95

Sensory Play Pony

Explore, pat, hug or ride this precious pony. With rattles, textured tabs, a shatterproof mirror, a photo frame, crinkle fabric flap, zipped pocket and fringe to capture attention and encourage interaction and early learning. Squeeze his ear to play trotting and neighing sounds. Soft, multi-sensory and intended to nurture baby's growing developmental skills – physical, cognitive and social. Use under supervision to encourage fine motor skills, dexterity, hand-eye co-ordination, listening and later imaginative play, language, counting and colour recognition. Non-slip bottom helps prevent slipping. Requires 2 AAA batteries (not included). For 9 months and over.

Size: 56cmL (71cmL including the feet) x 23W x 40.5H (to top of head)

Sick and tired of being sick and tired?

Inadequate sleep affects mood and productivity as well as increasing the risk of weight gain, Alzheimer's, stroke, absenteeism, accidents and errors. With busy lifestyles, large workloads and increased travel we are more likely to experience stress-related insomnia. These resources provide safe and pleasant alternatives to potentially addictive and harmful medication.

Go to page 46 to shop our projection range

Sleep Tight™ Weighted Blanket

Helps clients to become calm and comfortable to encourage restful sleep. Suitable for clients weighing over 9kg (20 lbs) who have difficulty calming down to get to sleep. With a curved neck cut-out to help prevent the blanket from bunching around the face. Designed by an Occupational Therapist with over 25 years of experience. Triple-stitched for robustness and so the filling is safely contained. The hygienic filling is BPA-free, phthalate-free, and lead-free. As a general guideline, blanket weight should be from 15-25% of client body weight, although we recommend that you seek professional advice as to the suitability of these products for your particular client. Colours may vary.

Machine washable.

"Brill. My daughter had this wrapped round her as soon as she got it. She is much calmer and is sleeping better already."

Bedside Lighting Tablet

A cost-effective and non-pharmacological aid for the self-management of sleep problems. Keeping on ordinary lamps prevents quality sleep which can lead to ill-temper and impacts on health. Switching on ordinary lamps suddenly can be startling and discomforting. Particularly valuable for older adults as it reduces anxiety, provides peace of mind and a sense of security, helps spatial awareness and can help reduce falls by avoiding the need to fumble for a light switch in the dark. Especially useful for bedrooms as a nightlight because it provides a low-level glow which allows un-interrupted, quality sleep. On waking at night this provides a focus in a room, allowing items such as spectacles, water, phone and other essential personal items to be easily identified without switching the main light on. With non-slip feet and resistance to spills. Size: 40L x 40W x 2.5cmH

The Complete Snoezelen® Water Resource

Water offers a change from the normal environment. It provides pleasure and can have enormous therapeutic value, assisting in relaxation, improving circulation and restoring mobility. Add SNOEZELLEN® with water in the bathroom, spa pool or Jacuzzi and add another dimension to sensory stimulation. Create atmosphere using fibre optics, aromatherapy and music. Dim the lights and take sensory experiences to a different dimension. ROMPA® can provide your Water Snoezelen® environment - from a modest bathroom to larger pools. Please contact us for further information.

- When introducing equipment designed for either battery or mains use into a Water Snoezelen® environment, obtain professional advice on equipment suitability and installation.
- Under no circumstances should people in the water handle electrical equipment, including items such as speakers and lighting.

Spa Lights - Set of 2

Float on the water surface and project six different light displays across the bottom of the bath – fade, flash, alternate, static etc. Alternatively, stand on a flat surface and project beautiful colour changing light displays on nearby surfaces. Requires 3 AAA batteries (to be purchased separately). Inexpensive and really effective.

Size: 9cm diameter

R122301

£17.95

Large Colour Changing Lights

Great for encouraging movement and exploration. Hollow yet strong. Includes a small remote control to select one of sixteen colours, or to fade through different shades. Rechargeable. Once charged for 6 hours, it can be taken off the base station to provide 10 hours of light. For use indoors or out. Water-resistant with an IP65 rating. Tested up to 80kg of load.

R121740	Large Colour Changing Egg	Size: 42cmH x 30cm diameter	£79.95
R122268	Large Colour Changing Pebble	Size: 40 x 40 x 20cm	£79.95
R122269	Large Colour Changing Ball	Size: 40cm diameter	£79.95

Snoezelen® in the Bathroom Benefits:

- Transforms bathing into a multi-sensory activity through pleasant aromas, sounds, lighting and tactile experiences
- Alleviates stress and agitation and provides a calming environment
- Encourages choice, individual preferences and promotes person-centred care
- Provides distraction and stimulation to reduce feelings of anxiety and embarrassment for both the client and the care-provider

LED100 Projector for Water Environments

Less powerful than 22126, and lower voltage. Please purchase a Magnetic Wheel Rotator (page 48) and one or more Effect Wheel (page 49). 12V DC. Please seek advice from a suitably qualified electrician regarding the safe installation of this projector.

R123008

£399.95

LED Projector for Water Environments

Provides distraction and visual stimulation during bathtime. Adapted for use in damp environments, but equally useful in communal areas such as living rooms and dining rooms. IP20 rated.

- Creates a large and ever-changing projection
- Provides age-appropriate imagery to promote conversation and to help bathers to relax
- Easily personalised - use a different effect wheel according to individual interests

Please purchase a Wheel Rotator and one or more Effect Wheel (page 48 - 49)

Size: 37L x 13.3W x 23cmD including bracket

R122958	3m x 200 strands	£299.95

Sensory Gardens

Outdoor sensory spaces deserve the same care and attention as indoor sensory environments to ensure their suitability, appeal and longevity. To this end ROMPA® can provide you with an extensive range of products for outdoors – from inexpensive decorations to large play structures built to last for years. Many of the products featured here are free-standing and can be mixed and matched. We have more products to choose from on our website, including options requiring professional installation.

For garden projects with a larger budget, we can offer you bespoke and tailor-made designs to make maximum use of your space.

Most of these resources are made to order. Please allow approximately 6 weeks for delivery.

Contact us for further information.

Garden Design Service

Includes:

- On-site visit from a Landscape Architect at a time that suits you
- Time to view the users of the space to understand their needs
- Detailed consultation with project team to ensure best use of all available space
- Hand-drawn design by an experienced landscape architect
- Plan detailing individual elements

Benefits:

- The design meets your needs as closely as possible
- The price of the design is fully refunded from projects installed through ROMPA®
- The design is yours to keep regardless of the provider you choose
- A tailored approach to your circumstances - traditional gardens to roof gardens, playgrounds to urban settings
- Exceptional results that are multi-sensory, sympathetic to nature and age-appropriate

R122887

£1,125.00

Mud Potting Table

A work bench, accessories station, shop counter ... a simple but useful addition to your outdoor environment to encourage meaningful activity and movement. Not intended to be used as a seat. To be concreted in place. Large and heavy (approx. 40kg) – two people are required to unload this product on receipt.

Size: 100W x 50H x 20cmD

R122859

£429.95

'Grass' Sofa

Quirky and innovative, this large sofa is suitable for outdoor use for adults and children. Make it a feature of your garden and brighten up any outdoor area or patio! Weight approx 90kg - this product will require a 3 man lift.

Size: approx 209L x 85H (37 cm seat height).

R122020

£949.95

Mud Digging Bed

Marvellous for messy play! Gloriously grubby, magnificently mucky and superbly sensory! Encourages imaginative play, creative interaction and learning whilst building up sensory tolerances and social skills – all at the same time as enjoying fresh air and getting exercise. Could also be used for planting and understanding of science (seasons, weather, life cycles etc.). Timber frame with a terram liner. Free-standing. Excludes soil - requires approx. 500kg. Large and heavy – two people are required to unload this product on receipt.

Size: 200L x 200W x 20cmH

R122858

£549.95

Mud Kitchen

Great for imaginative, sensory- and role-play. Make mud pies, pretend to cook, work in a make-believe café, use for planting or as an outdoor work/study station ... its uses are limited only by your imagination. Encourages movement, turn-taking, co-operative play and motor skills. Made from pressure-treated Redwood. Includes chalkboard and sink. Free-standing (moveable). Large and heavy (approx. 50kg) – two people are required to unload this product on receipt.

Size: 100L x 50D x 120cmH

R122857

£679.95

Sand Pit

Spacious enough for a small army of diggers, sand castle makers and bucket-fillers. Messy play is important for physical development (practising fine motor skills, hand-eye co-ordination etc.), intellectual development (exploration, understanding cause and effect etc.) and it provides great sensory opportunities. Strong, the sides are made from sleepers. With a terram liner. Excludes sand (requires approx. 4 tonne) and cover. Assembly required. Free-standing. Large and heavy (approx. 240kg empty) – two people are required to unload this product on receipt.

Size: 240 x 240 x 40cmH (10cm edge)

R122861

£1,799.95

Dice Spinner

Encourage social games, turn-taking, movement and healthy competition amongst people of all ages. For younger players, this is great for early maths skills. For those with visual impairments, the large scale and contrasting colours help make this inclusive. Additional installation costs may apply subject to location.

Size: 120 x 150cm

R123359 £649.95

R123411 Includes installation into tarmac £669.95

Sensory Exploration Table

Take learning outside with this practical table with inset trays. Use to explore natural objects, as an outdoor desk that helps to keep stationery to hand or as a potting table for early science. Intended for children 3 to 6 years. Made of Medite Tricoya and stainless steel fixings. Accessories are for illustration purposes only. Flat pack – simple assembly required. Weight: 21kg

Size: 90cm diameter x 53cmH

R123175 £399.95

Outdoor Storage Centre

Perfect for imaginative play as well as practical for storage. Use as a part of a play kitchen, or to house balls and garden games/activities. Made from Duraply with an oak finish and includes 3 clear trays. Accessories are for illustration purposes only. Flat pack – simple assembly required. Weight: 26kg.

Size: 66W x 44D x 86cmH

R123174 £329.95

Rustic Play Hut

Encourages social skills such as turn-taking, sharing and co-operation as well as communication and imaginative play. Also provides a shelter for observing nature and wildlife. Use like a friendship bench – youngsters looking for a play mate can wait inside the hut. A natural alternative to synthetic, plastic houses. With a coarse bark finish for rustic appeal. Minimal assembly required. Can be free-standing or secured to the ground. Large and heavy (approx. 100kg) – two people are required to unload this product on receipt.

Size: 160W x 90D x 140cmH

R122846 £1,749.95

Chalk Board

Creative genius, artistic flair and learning shouldn't be restricted to indoors! Double-sided and big enough for groups to see/use together. Suitable for teaching, displaying information and messages, group games and shared activity. Includes two posts to be concreted in place for stability. Chalk to be purchased separately. Large and heavy (approx. 50kg) – two people are required to unload this product on receipt.

Size: 120L x 80H x 10cmD

R122848 £899.95

Tubular Bells – Set of 7

With outstanding resonance, the aluminium bells produce deep tones which can be felt as well as heard. Pentatonically-tuned ranging from A3 to C5. The bells can be arranged in multiple ways, although a horseshoe formation is recommended to create a surround-sound effect and noticeable vibrations for anyone standing in the middle of this shape. Also includes 2 metal posts with a beater attached by steel cables. Size: 10cm diameter x 160 to 220cmH

R123163	Ground Fix	£2,299.95
R123164	Surface Fix	£3,399.95

More information and videos are available online!

Duo

The notes are securely attached to the resonators for maximum vibration with incredible tones and resonance. Half the notes are aluminium; half are GRP (glass reinforced plastic) – each material gives a distinct sound when played. The curved shape makes it easier for individuals with limited range of movement, or players in wheelchairs, to reach all of the notes. Size: 110L x 85W x 85cmH

R123317	Ground Fix	£2,395.95
R123318	Surface Fix	£2,499.95

Cavatina

A colourful, strong and weather-resistant instrument, similar to a xylophone with low to high notes from left to right. Securely and individually attached to black resonators for maximum vibration and resonance, the vibrant anodised notes have no wires or strings. Incredible tones and melodies can be achieved, including by those with minimal musical ability. Colour-coded notes allow you to create your own music sheets so that users can play by colour. Size: 75L x 55W (x 84cmH)

R123169	Ground Fix	£1,549.95
R123170	Surface Fix	£1,649.95
R123171	For Wall-Mounting	£1,649.95

Cavatina to be used with the Music Book

Music Book

For use with the Cavatina, as the coloured notes of this xylophone correspond with the coloured notes on the music sheets of this 'book'. Simply follow the coloured notes on the sheets to play a well-known song. Available songs include Skye Boat Song, Old MacDonald Had a Farm and Row, Row, Row Your Boat. Cavatina to be purchased separately. Size: 70W x 35D x 123cmH

R123306	2 pages, Ground Fix	£1,039.95
R123307	2 pages, Surface Fix	£1,149.95
R123315	4 pages, Ground Fix	£1,399.95
R123316	4 pages, Surface Fix	£1,589.95

Akadinda

Large and loud! The huge resilient notes are made from hardwood which gives a natural mellow, low tone, tuned to the pentatonic scale in C major A2-D5. The frame is made of treated timber. Suitable height for wheelchair users. Size: 182.5L x 122W x 112cmH

R123309	Ground Fix	£1,849.95
R123310	Surface Fix	£1,849.95

Rainbow Drums – Set of 5

Easy to play, rewarding, fun and great for outdoor school performances, for helping welcome visitors to care home grounds and for music therapy/learning. For even greater inclusion, incorporate into other rhythmic activities such as movement/exercise, drama and dance. Size: 16-40cm diameter x 55-85cmH

R123156 Ground Fix **£1,529.95**

R123157 Surface Fix **£1,529.95**

Congas

A pair of single-headed African drums mounted onto a stainless steel post. With bright colours and wonderful sounds for auditory and visual appeal. Made with heavy-duty ABS caps for strength and durability. Small/Medium/Large drums each product their own tones – please state height required. Made to order – please allow up to 6 weeks for manufacture. Size: 20 and 25cm diameter drums; Small 52cmH; Medium 62cmH; Large 72cmH

R123161 Ground Fix **£754.95**

R123162 Surface Fix (85cmH pole) **£899.95**

Large Babel Drum

Provides a unique hand drumming experience that individuals of all ages will enjoy, including those without drum experience. Stainless steel with an 8-note layout in G-Major. Size: 41.5cm diameter; 51cmW overall x 108cmH

R123158 Ground Fix **£1,459.95**

R123159 Surface Fix **£1,729.95**

Rainbow Trio Ensemble

Players can develop hand-eye co-ordination, listening skills and motor skills. Install indoors or out. The Metallophone and Chimes are tuned to the pentatonic scale. Size: drums 52 x 42 x 39cmD; Chimes 69.5W x 8.6D x 74.6cmH; Metallophone 31.5W x 30.5D x 36.5cmH

R123308 **£1,859.95**

More information and videos are available online!

Pentatonic Chimes – Set of 16

A symphony of 16 aluminium chimes, hand-tuned to a high quality for a rich, vibrant and harmonic tones. No fail and inclusive, the pentatonic scale means that there are no wrong notes. A delightful shared experience that encourages movement, listening skills, co-operation and enjoyment of music outdoors. Size: longest chime 153cm; overall 192cmL

Choosing the correct seating, positioning and furniture products is important to maintain a comfortable, attractive and safe environment. Made from carefully-selected, durable and easy to clean materials, this extensive range of products matches the needs of a wide range of users and can be used in a variety of settings. Many of these options are made to order, and so can be customised with colour choices and additional features such as high backs and vibration.

Chatsworth range

This ever-popular range is now better than ever

- Ergonomically designed
- With a higher cushion for additional back support
- Solid foam with separate cushions but without a rigid wooden frame
- Stitched not nailed
- Multi-sensory, with eye-catching and tactile fabric options
- Contemporary and aesthetically pleasing for a multitude of environments, including homes and waiting areas
- Softer, slimmer and more curvaceous styling
- Supportive without compromising on comfort
- High back versions have 56.5cm deep seats

Available in a huge choice of colours. Choose from our standard PVC or 2-tone options - Faux Leather combined with Tactile Fabric. As these products have seams, they are not completely waterproof. Where there is the occasional risk of incontinence amongst furniture users, we recommend that PVC is chosen.

L/H refers to the left hand side from the perspective of the seated user, not from the view of someone looking at the settee in front of them

Lots more Chatsworth furniture options overleaf

The Chatsworth range includes individual pieces of furniture as well as settees and corner units that can be placed together to maximise the space available. These modular pieces can be used in a variety of combinations and are perfect for waiting areas. For example, team a 3 Seat settee that has a single arm with a Corner Unit to fill a whole wall. A second settee with the opposite single arm could be added to the other side of the Corner Unit to fill 2 adjacent right-angled walls. With so many colours, sizes and sensory options to choose from, it's up to you!

To make the furniture even more comfortable and inviting-looking, why not add some scatter cushions? Choose matching colours or contrasting shades for visual stimulation.

Remember, L/H refers to the left hand side from the perspective of the seated user, not from the view of someone looking at the settee in front of them.

Fold Up Massage Mattress

Compact and comfortable. This Massage Mattress folds up for ease of transportation and storage. It is extremely versatile and can be used on the floor, on top of a bed or on a chair. The handset gives easy control of the mattress, including massage motors and heat. May vary slightly subject to availability. This product has a zip for manufacturing purposes only. Please note: the mattress is typically black - the items shown underneath the mat are for illustration purposes only. Not suitable for those with thrombosis, epilepsy, blood pressure problems, acute illness, varicose/inflamed veins or during pregnancy.

Size: 170 x 60 x 8cm

£99.95

Musical Positioning Cushion by ROMPA®

Gives tactile and aural stimulation whilst providing comfortable support. The bean bag envelopes the user so the vibrations and the music from the special integral speakers can be felt in the body for a truly profound sensory experience. Requires music system with provision for external speakers with a minimum output of 50w per channel. Available in PVC, Polyester or Faux Suede - please specify fabric and colour when ordering (see back of catalogue). This product has a zip for manufacturing purposes only.

See page 197 for Music System.

£439.95

Positioner by Rompa®

Same size and fabric/colour options as the Musical Positioning Cushion but without the vibration and music (entirely bead-filled). Please specify fabric and colour when ordering.

R118286	PVC	VAT Relief	£249.95
R118483	Faux Suede	VAT Relief	£349.95

**Water Mattress by ROMPA®**

A heated water mattress which moulds itself to the shape of the body giving total unrestricted support without any pressure points. The gentle support by water allows even the slightest movement to be felt. The special double isolated heater pad with variable heat control maintains the mattress at a comfortable temperature. The water mattress is designed to be used on the floor or a suitable strong support capable of taking the total weight when filled - the double bed weight is half a ton. Not intended for long-term sleep nor to be used as a permanent alternative to a bed. The cover is made from strong, reinforced durable vinyl which can be wiped clean and is available in a range of colours. Includes heater pad, fill kit, 17m (50ft) hose pipe, water conditioner and instructions. Platforms for the Water Mattress can be made to your specifications by special order. Vinyl - please specify colour when ordering (see page 222-223). This product contains wood.

R120188	Single	Size: 100 x 200 x 20cm	VAT Relief	£989.95
R120189	Double	Size: 140 x 200 x 20cm	VAT Relief	£999.95
R120194	Queen	Size: 160 x 200 x 20cm	VAT Relief	£1,014.95

**Vibrating Floor by ROMPA®**

This cushioned wooden floor vibrates automatically or in response to music or vocal stimuli. It is particularly suitable for those with mild or total sight/hearing loss as it provides valuable tactile stimulation. Also used for those with autism.

- Provides three methods of vibratory stimulation:
- Built in oscillator to vary frequency and extent of vibrations.
- Musical stimulation.
- Amplifier and leads supplied for ease of connection to any music centre or radio.

Used with the microphone provided it can help to stimulate vocalisation.

Vinyl - please specify colour required when ordering (see page 222).

Size: 2m x 1m x 42.5cmH

R114925	VAT Relief	£1,199.95
---------	------------	------------------

Musical Water Bed by ROMPA®

Fine vibrations of rhythm, tone and beat can be produced through your music system, which connects to the bed. These are picked up through the skin as tactile stimulations. The bed adapts to the body shape giving warmth, comfort and muffled noise, possibly similar to foetal experiences in the womb. The bed has a wooden base and is mounted on a giant loud speaker cabinet. The bed can also be used for interactive stimulation by means of the included microphone to create your own sounds. Not intended for long-term sleep nor to be used as a permanent alternative to a bed. PVC - please specify colour choice when ordering (see page 222).

Musical Water Bed

"The bed was easy to set up with good instructions on its set up and use. The bed is a valuable asset in our sensory room serving to support, relax and stimulate children at different times. The musical aspect of the bed is especially useful for autistic children and those with PMLD who appreciate the sensory feelings coming through the mattress from the speakers below. The bed base and mattress are very well made and the speaker fitted into the bed base and amplifier and microphone supplied are of good quality and work well."

Caroline Jones, Grant Co-ordinator, Gloucestershire

Secondary Slab

Multi-function bean bag – flat as a large floor cushion; on its side as a hammock seat; or propped against the wall as a chair. Can help focus and encourage study as it allows the student to choose his/her most comfortable position – reclining, prone or seated. Great for sixth form common rooms and after-school homework clubs. Sky Blue, Lime Green, Orange, Pink or Purple – please specify colour choice when ordering. Woven polyester. Most effective when used in multiples. Each

Size: 125 x 120cm

R122240

£84.95

Primary Square

Far more comfortable than sitting on a hard chair, carpet or grass. As the child is snug and therefore less likely to fidget, he/she can concentrate and participate fully on the activity in the Snoezelen® room, classroom or outside area. Soft, bright and inviting. Water-resistant. To be stored indoors. Sky Blue, Lime Green or Purple – please specify colour choice when ordering. Woven polyester. Most effective when used in multiples. Each.

Size: 70 x 70cm

R122238

£74.95

Secondary Bean Bag

Comfortable and cool. Inviting, practical and easy to move into a quiet corner for study or into a group for conversation. Sky Blue, Lime Green, Yellow, Orange, Pink or Purple – please specify colour choice when ordering. Most effective when used in multiples. Woven polyester. Each.

Size: 80cm diameter

£84.95

Please specify your colour when ordering, colours available on page 222

Chunkies by ROMPA®

Chunkies are versatile wedge cushions filled with polystyrene beans which mould to the body, creating a firm yet movable support. Useful for positioning, therapy and play. The Large Chunky could be used for lying on the floor with the user's back on the slope; a taller person could lean on it with their tummy on it; for providing relief from being in a wheelchair; for prone extension (strengthens the back and neck muscles and encourages the head to be held up); neck extension; help with sitting balance as you are building trunk support and for behind the knees (for those who don't like lying flat). To try to improve trunk control, start with support from a firm Wedge and then reduce support with a different sized Wedge or Chunkies Covered in heavyweight durable vinyl. Moisture proof and easy to clean. Please state the colour combination required (see page 222-223).

R114036 Large Size: 56W x 84D x 54cmH

£124.95

Primary Chair

Comfortable seating for children in the Snoezelen® MSE, sensory corner of the classroom, library, reception or bedroom. Can be taken outside as made from shower-proof and UV-resistant fabric. Soft and water-resistant. To be stored indoors. Royal Blue, Forest Green or Cream – please specify colour choice when ordering. Most effective when used in multiples. Each.

Size: 70cm diameter

R122237

£74.95

Foam Wedges by ROMPA®

A firm foam filled wedge covered in easy to clean heavyweight durable vinyl. Foam Wedges are ideal for use on chairs with the pointed edge to the back. For someone with increased tone and spasticity, the wedge puts someone in a more flexed position at the hips. Also used for raising the feet for foot care; on a bed under pillows to raise the head; during baby massage. Please state the colour required (see page 222-223). Special sizes can be made to order.

De-escalation Rooms

ROMPA® can design and install calming spaces for demanding environments such as schools with students with Behavioural Emotional and Social Difficulties (EBD), offenders' institutes and prisons. These installed facilities provide a robust and safe environment where individuals with challenging behaviours and aggressive tendencies have an opportunity to calm down and be encouraged to manage their own behaviours. Intended to reduce risk and potential injury, these low stimulation rooms are designed to foster the safety of the individual, peers and supervisors alike.

These spaces should only be used as part of a wider structured plan following good practice guidelines and appropriate legislation. Use of these environments should always be for a carefully monitored and minimal time, with the best interest of the individual at its heart.

Contact ROMPA® for further information: 01246 211 777

Furniture for demanding environments

Requests to include furniture in our range that would be appropriate for demanding environments encouraged ROMPA® to design furniture and cushioning to meet those needs. With the appearance and comfort of standard furniture, these products have additional features:

- Light with no hard corners
- Durable, moisture repellent covers to withstand robust use
- Hand finished seams which replace zip fasteners
- Additional sealing of seams for improved hygiene
- Chairs that support body weight when seated which will collapse when stood on.

ROMPA® furniture is manufactured from fire retardant materials (ROMPA® is a member of the Furniture Industry Research Association (FIRA))

Call ROMPA® for advice on the most appropriate furniture for your needs.

Seclusion Furniture by ROMPA®

Specifically designed for use by clients with severe behavioural problems and unpredictable tendencies. Features:

- No inner wood or metal frame, therefore no hard surfaces
- No zips, cords nor sharp edges
- Client cannot hide objects in the chair
- Client's hands are visible
- Low position and sloping armrests mean client cannot get up hurriedly
- Available in Polyester or PVC - please specify when ordering (see pages 222-223)

Solid Structure Ballpools for all applications

Some people want to release energy whilst others wish to sink back and relax. Whatever your preference ballpools offer an inviting opportunity for a major change in environment. They provide safety and support for limbs and body. They allow movement whilst providing touch contact all over the skin area.

Use ballpools as an adventure, pulling and pushing, lifting and falling. They offer a chance to turn the journey into a shared experience.

Ballpools can be made to any size - 2, 3 or 4 sided. When ordering, please state the external dimensions.

Ballpools are built around a wooden frame, and are cushioned with high quality, latex-free foam.

Contact ROMPA® NOW for advice on measuring or a price quotation for your tailor-made ballpool.

Size: 72.5cmH x 145cm walls

"Fantastic Item for where space is an issue. We ordered this product back in 2006 for our daughter ... and it's still going strong! Really durable, tough vinyl ... and not a rip or tear in it 9 years on! I cannot praise highly enough how sturdy the walls are once fixed ... many a time 'perched' on by us when supervising daughter ... and no dents from our weight!! It's a fantastic design that can fix into any corner, utilising your existing walls for the rear 2 sides ... It was easy to fix with the wooden brackets attached, and has stayed put all these years with no problems at all! The inner floor mat is also tough ... made from heavy duty vinyl, which velcros on to the sides to fix. All in all, this ball pool scores highly with me 11/10 ... definitely a quality item that is well made and lasts many years, as mine has proven!"

Lisa, Verified Buyer

Sensory Integration & Movement

Vestibular and proprioceptive senses are often overlooked beyond the “traditional 5 senses”, although they form an essential part of our day to day lives.

Proprioceptive senses process information from our muscles, joints, and other body parts to provide us with an unconscious awareness of the position of our body parts in relation to each other, other people and objects.

The Vestibular sense puts balance into our lives. It provides information about movement, gravity, and changing head positions. It tells us whether we're moving or we're still, as well as the direction and speed of our movement. We can even tell if we are vertical or horizontal – even with our eyes closed.

Combining the development of both Proprioceptive and Vestibular senses, the practice of Sensory Integration can assist in developing the ability to process this information.

TheraGym®

ROMPA® is proud to be the exclusive European provider of therapeutic products from TheraGym®, a leading developer of the highest quality therapy solutions. TheraGym® products are high-quality and affordable - they are considerably less expensive than alternatives available elsewhere, without compromising on functionality or quality.

SENSORY INTEGRATION & MOVEMENT | Weighted Blankets

Relaxer™ Travel Size Weighted Blanket

Helpful for calming during the day and to aid relaxation during daily activities that could otherwise become stressful situations. Take it almost anywhere for convenience and reassurance e.g. in the car, on the plane, at the dentist's or hairdresser's. Suitable for children and adults. Affordable and portable. Designed by an Occupational Therapist with over 25 years of experience. Triple-stitched for robustness and so the filling is safely contained. The hygienic filling is BPA-free, phthalate-free, and lead-free. Cotton outer for comfort and durability, even after repeated machine washes. Pattern-free to avoid distraction and visual over-stimulation. With a scoop neck for comfort to avoid discomfort around the face and neck. Colours may vary.

All the weight of the Relaxer™ Travel Blanket is on the person therefore the Travel Blanket can weigh less than a weighted blanket used for sleeping.

"A great portable weighted blanket. My daughter has used this a number of times. It really does help reduce her agitation in stressful situations".

Binni-Sofa™

Multi-purpose, this wearable beanbag provides a unique and inviting solution for those with sensory processing challenges. Intentionally snug to get into, but once on, it provides comfort and soft pressure like a hug as well as stimulation and activity as need arises. The bead filling in the inner cushions gives a pleasant sound element, especially when moved against the floor. One size (designed for children 3-12 years but will fit a slim teenager/adult). Each. Colours may vary. For 3 years and over. Size: 40L x 42D x 24cmH

R123311

£139.95

Weighted Vest

Made from soft, breathable, non-flammable material, these vests slip over the head with ease and close at the shoulders and sides with Velcro® for easy adjustment and a snug fit. Weight packs are inserted into the eight concealed pockets of the vest. Each pocket has Velcro® to keep the weight packs in place. The length of the vest can be adjusted by folding up the lower part and securing using the Velcro® strip on the inside. Machine washable (remove the weights beforehand). Size measured top to bottom of the vest by circumference, measurement around the waist.

"Great product. We were recommended to get a pressure vest by our OT but I found it extremely difficult to find one small enough for my daughter. This one fits perfectly and was a good price. We've already seen a lot of benefit from it in increasing stability and use it every day. It is easy to clean and washes/dries quickly."

Squeeze Vest

Inflate to make the air tubing in the vest tighter to apply firm pressure to the trunk and back, and so induce safe and secure feelings. For those with sensory processing difficulties, this deep pressure on muscles and joints can be regulating, help improve sensory integration and restore a balanced emotional state (e.g. reducing stress or anxiety). May help encourage self-regulation as the user controls the amount of pressure exerted. Wear over a thin top, with other garments over the vest. With Velcro® side and shoulder straps, zip at front, ventilation holes and hand pump with quick release valve. Nylon with a thermoplastic polyurethane coating. Contains rubber. See size chart on our website for further information. Extension straps available – contact us for more information.

Deep Pressure Vest

Provides proprioceptive feedback and a sense of stability. Made of breathable, latex-free perforated neoprene that's designed to provide deep pressure to the body and to help the user maintain a comfortable body temperature. Features 2 side and 2 shoulder closures. Available in six sizes, each at an affordable price so you can choose the next size up as your child grows. Length is from the top of shoulder to bottom of vest; width is the circumference, measurement around the waist.

Mishu™

A fun, compact and portable weighted shoulder wrap intended to provide deep pressure input. Similar to the effect of a tight hug or a deep massage, the Mishu™ may help those with sensory processing difficulties to become more organized and focused. Reversible, with a more neutral side for teenagers and adults and a decorated side to appeal to children. The different textures add further tactile appeal. Removable and machine-washable and -dryable outer cover. Adjust the amount of weight inside according to need. For 3 years and over.

Size: 39H x 31W x 2cmD

R123312

£109.95

Neck Wraps

Hours of therapy and snuggle time with these weighted neck wraps. Each made from soft fabric. Can be heated in the microwave for use as a heat pack or cooled in the freezer for use as a cold press. Suitable for use by all ages under supervision. This is not a toy. Unscented. Weight: 1kg (2.2 lbs) Size: 53L x 10Wcm

R129144 Kitty Cuddle VAT Relief **£29.95**

R129145 Puppy Hugs VAT Relief **£29.95**

Ball Blanket

Creates an intense feeling of security. The weight and movement of the hollow polyethylene balls inside the blanket create pressure for a soothing effect. The balls can be removed whilst the micro-suede blanket cover is machine washed. With strong touch-fasteners. Colours may vary. Size: 178L x 140cmW

R121371

£519.95

Lap Pad Set

Non-invasive method of providing proprioceptive and tactile feedback for seated users. Each pad holds separate weight strips (included). Weights are safely secured at both ends so pad can be reversed. We recommend a suggested starting point the use of weights totalling a maximum of 2.5% of the clients total body weight (this would be less for a small child). Pliable and non-flammable. Polyester with PU foam. Colours may vary. Size: 35 x 23cm

R118633 VAT Relief **£49.95**

R121558 Large Weighted Lap Pad Includes 3.6kg (8 lbs) of weights. Size: 61 x 25cm VAT Relief **£49.95**

Squeezer

Provides deep pressure for additional sensory input. Tension and pressure are easily adjusted to each user's specific needs – you can choose the appropriate level of proprioceptive feedback for your child. Masterfully crafted with a Baltic birch wood frame. Cushioned foam rollers are covered in an easy-care polyurethane vinyl and they squeeze and release pressure evenly and consistently. With hand holds for portability. Colours may vary. Weight limit: 45kg (100 lbs). Size: 85L x 60W x 38cmH

R121544 VAT Relief **£699.95**

R121772 Replacement band for Squeezer Each.

£11.95

Dolphin

Great weighted neck wrap with pleasant cinnamon aroma and attractive design. Can be heated in the microwave for use as a heat pack or cooled in the freezer for use as a cold press. Multi-sensory and suitable for use by all ages, under supervision. This is not a toy.

Weight: 2kg (4.4 lbs) Size: 64cmL, 8cm diameter

R118105

£29.95

Body Roller

Provides deep pressure as the child crawls between the rollers for additional sensory input. Providing appropriate sensory input through a product like this Roller may reduce self-stimulation and self-harming amongst children craving deep pressure. Tension and pressure are easily adjusted to each user's specific needs – you can choose the appropriate level of proprioceptive feedback for your child. The rolls are fully padded which helps the child to relax. Available in red, green and blue – please specify colour choice when ordering. User weight limit: 136kg (300 lbs). Size: 100L x 75W x 58cmH

R122083 VAT Relief **£649.95**

R122086 Elastic Straps for Body Roller - Set of 2 **£19.95**

R122087 Wooden Elastic Anchor Points for Body Roller - Set of 2 **£19.95**

Sand Snake

Stand on the tactile snake and it will not roll to one side. Position the snake straight, curved or coiled. The elastic textured material massages the feet. Ideal for use in therapy for people with perception difficulties. Polyester cover with quartz sand inside. The fabric is suitable for most allergy sufferers. Hand-washable at up to 40°C. Because of its weight, can also be an excellent Sensory Integration tool for calming. Colours may vary.

Size: 150L x 6cm diameter

- Useful for balance and co-ordination activities
- Some users choose to carry the snake wrapped around the hips to improve spatial awareness
- Can be coiled and sat upon to provide movement to promote concentration

Hayley's Joy®

A clever system created originally just for Haley and now available just from ROMPA®!

Haley was a little girl who experienced challenges centering herself and focusing. Her family searched for ways to help her development and found Floortime therapy. The first challenge her parents encountered was gaining Haley's interest and attention during these interventions. With great delight they discovered that Haley's first experience on a vestibular swing proved to be exactly what she needed, and it became her most beneficial tool.

Haley's grandfather, an engineer by trade, designed and built her a portable vestibular swing, one which could be moved to any room, and used to engage Haley in therapy and developmental activities, such as puzzles and reading.

For her family, the swing provided a practical solution. For Haley, the swing provided pure joy.

Portable, practical and perfect for the Occupational Therapist on the go. Ideal for use in schools and domestic settings where a permanent frame is not viable Modular, with many accessories.

BENEFITS

- Frames set up and break down in just minutes
- No tools required
- Light-weight yet durable
- With foam-padded, high-strength aluminium uprights
- Functional and safe
- Switch between 1- and 2-point suspension
- Great for therapists in schools, hospitals, clinics and homes
- Mobile and portable
- Easy assembly
- 3 sizes and seating available

"Our On the Go Swings have become the cornerstone of two sensory-motor rooms that our therapy team established in 2 of the school districts we serve. The swings are very easy to set up and perfect for the variety of students we serve with both vestibular and core strengthening needs. The ease of set-up and take down allows us to not only transport the swings but to reconfigure the room as we add equipment and make changes to meet the needs of our students. Both of our swings have the centre rotational device allowing us to use a variety of swings that require either a single point attachment or 2 point attachment for linear movement. The safety and versatility of these swings have made them the perfect choice for our students."

Mary Kay Eastman, PT, MS, Therapy Coordinator,
Athens-Meigs Educational Service Center
Athens, Ohio

Hayley's Joy Attachments

E

Hayley's Joy® Reagan's Ride

A soft seat swing that provides surrounding pressure for enhanced stimulation. The interior is made of a comfortable microfibre fabric that can be easily spot cleaned. The exterior is made from high strength fabric. The removable pillow (included) is covered in a zippered microfibre fabric case. The swing has a 20cm total range of adjustment up/down, which is independent front to back, allowing the swing to have some backward tilt (if desired). Suspended with easy to clean vinyl covered chains. To be used on the linear suspension points of Hayley's Joy® Frames or from a rotational single point. Can be used with the 22994 Carrying Bag for Reagan's Ride.

F

Hayley's Joy® Balance Buddy Bolster Swing

Designed to help improve balance, core strength and reactions to maintain body alignment. The foam padded frame is covered with an easily cleaned moisture/wear-resistant vinyl. Suspended by 127cm vinyl-covered height-adjustable chains. Disconnect the Balance Buddy Bolster from the chains and use it as a therapy roll on the floor. Suspend from the 2 points nearest to the Frame legs, not the central point of the Hayley's Joy® Frames. Compatible with 23001 Balance Buddy Carrying Bag. Size: 91cmL x 33cm diameter

G

Hayley's Joy® Interlocking Foam Padding Squares

Tested for heavy usage, this lightweight and durable foam padding will add cushion and comfort underneath the On the Go Swing's blue mat. This EVA foam is closed cell, so it's completely waterproof, non-toxic, lead-free, and easily wiped clean with mild soap and water or a damp cloth. One side of the padding has a herringbone texture, to provide grip. Comes with edges.

H

Hayley's Joy® Sensory Wrap

Provides deep sensory pressure. The interior is made of a comfortable microfibre fabric. The exterior is a durable woven nylon, which can be easily spot cleaned. Suspended with easy-to-clean vinyl covered chains. To be suspended from 2 points of the Hayley's Joy® Frames nearest to the Frame legs. Not intended to be suspended from a rotational single suspension point. Can be used with the 22993 Hayley's Joy Carrying Bag for Sensory Wrap. Size: 102L x 51cmH

R121607 3m Therapy Rope VAT Relief **£44.95**

R121546 Height Adjuster only VAT Relief **£109.95**

Vertical Bouncer Kit

Use with any swing for added bounce!

Specifically designed to enable controlled bouncing and vestibular stimulation with any therapy equipment you attach to it. Includes 2 Single Vertical Bouncers, two 2 Double Vertical Bouncers, and 2 Safety Snaps. Reinforced elastic loops are sewn onto the ends of the Single and Double Vertical Bouncers. Weight capacity: 129kg (285 lbs)

R121567 VAT Relief **£199.95**

Locking Safety Snap

Provides a connection between equipment and either an accessory and/or the final point of suspension. With an integral locking mechanism that screws closed over the opening to prevent the snap from opening inadvertently. Zinc-plated steel. Supports 25 Kilonewtons (255Kgf) and meets requirements of EN362:2004.

Weight: 180g

R123011 **£10.95**

Safety Rotational Device

Provides a connection to a single suspension point using the included Safety Snap, allowing for smooth and safe rotation of equipment in a clockwise or anticlockwise direction. Strong aluminium body with steel roller bearing and forged eye ring. Weight capacity: 725kg (1600 lbs)

All single point suspended swings should always be used with a Safety Rotational Device.

R121559 VAT Relief **£64.95**

CEILING SUPPORT LOADING

Note: Please ensure you ascertain from the appropriate authorities that the fixing point is suitable and will hold up to 450kg load at up to a 45° angle in any direction.

CEILING HEIGHT

All hanging equipment requires a minimum ceiling height of 2.5m (8ft) and should be positioned a clear distance of 1.8m (6ft) from any adjacent walls and other obstacles. All swings suspended from a single point require a Safety Rotational Device.

The Leaf Chair is now available in a variety of different colours by special order! Contact us for more information.

Leaf Chair

The elegant leaf chair cradles the body and provides a gentle swinging motion to help relaxation. Chair will support up to 100kg. Competent building advice to be taken regarding fixture of the Ceiling Mounted Bracket. For ceiling suspension a Rotational Safety device must be used. See page 104. Chain included with chair. Size: 165cmL

ROMPA® is proud to be the exclusive European provider of therapeutic products from TheraGym®, a leading developer of the highest quality therapy solutions.

Sensory Integration is a therapy that should be carried out by suitably trained and qualified people. These swings are intended for controlled movements - they are not toys.

All suspended equipment must be used in conjunction with a Safety Rotational Device (page 104)

TheraGym® Sling Swing

The Sling Swing provides stimulation in a prone or seated position with its versatile aerial hammock suspension and quality construction. Safe for everyone from children to adults. Includes one safety snap. Weight capacity: 136kg (300 lbs)

Size: 124.5cmL x 76cmW

"This can be hung from one suspension point, or two, and so both linear and rotational vestibular input can be achieved. A fantastic swing to help develop tonic extension and integrate retained primitive reflexes. This also makes it very able to achieve supine positions. We also use this swing in Sensory Attachment Interventions as it can provide a nurturing feedback when slowly rocked, and can cocoon the person."

Annie Doubleday, Emma Jerman, Occupational Therapists

TheraGym® Over the Moon Swing Sets

Provide many opportunities to experience multi-sensory input. Each set includes a half moon-shaped support made of strong Baltic birch wood, a heavy-duty bar strap and several options to secure these to your suspension system. Working load: 136kg (300 lbs). Colours and styles may vary. Please purchase a Safety Rotational Device separately.

R121581 Set A Includes a Vertical Bouncer Kit (2 Single Bouncer units; 2 Double Vertical Bouncer units; and 2 locking Safety Snaps); a Bouncing Swing (half moon bar; swing seat and straps); Sling Swing (with 2 Safety Snaps); and an additional Safety Snap (i.e. 5

Safety Snaps in total). VAT Relief £529.95

R121583 Set B Includes an 81cm Trapeze Bar and a set of 2 Acrobat Rings (either can be attached to the half-moon-shaped support with 91cm reinforced nylon straps) and 2 Safety Snaps to attach the straps to the wooden support. VAT Relief £379.95

TheraGym® Therapy Net Deluxe Swing

Provides linear and rotational movements to enhance core development and motor control. Whilst some children seek the comfortable and soft enclosure of a fabric swing like the TheraGym® Tear Drop Swing, others prefer the more open and visible space provided by a net swing. Our Therapy Net Deluxe Swing helps a child feel secure whilst their vestibular system is stimulated. This also provides a safe haven for activities such as reading and studying. A heavy-duty nylon cord unit is suspended from welded steel rings. Includes one safety snap. Vinyl-covered birch board (58cm diameter) is optional. Working load: 225kg (500 lbs)

Size: 122cmH

Suspension System

Eliminate the need for costly architects, engineers and builders

The answer for therapists who cannot install a suitable ceiling support eye bolt or who may move premises.

- Made from thick structural steel tubing 12.7cm x 7.6cm
- Solid, stable and free-standing
- Will support almost any piece of suspended equipment
- Stays in place even with rigorous activity
- Will not slip or slide
- Spacious standard system includes 3 forged eye bolts spaced 90cm apart on the top beam
- Uprights and bases are heavily padded for added protection
- Easy to assemble and take apart for transportation
- Perfect for rooms where the ceiling is not strong enough to support SI equipment
- Working load approximately 600kg (1,340lbs)
- Weighs approximately 317.5kg (700lbs)

Size: 3 metres (10ft) high, 3.6 metres (12ft) long and 2.4 metres (8ft) deep at the base.

Mats (page 86) and swings (pages 107 - 112) to be purchased separately. Colours may vary.

Please note: this product requires assembly by at least two people and appropriate lifting equipment.

Tube Swing

Multi-directional swing that is colourful and appealing. Sit on it or lie across it on your tummy. Fun and functional. The heavy-duty and zipped polyamide cover is both inviting and practical as this covers the air valve of the inner tube and makes the swing easier to hold onto. Includes reinforced suspension bands. Requires inflation.

- Ideal for the many children who do not like the sensation of rubber

TheraGym® Tear Drop Swing

Provides a gentle swinging cocoon sensation. Features include a machine-washable nylon mesh swing and a Vertical Bouncer Kit (21567) to attach the swing to a secure point of suspension. With a high opening to increase the enclosed effect, please consider access into this swing e.g. Soft Play Steps. Working load: 90kg (200 lbs)

Size: 162.5cmL x 61cmW

"This swing instantly seems to attract attention from the younger child, some of whom seem drawn to this and want to feel cocooned. They love the sense of safety that this provides, and feel secure in the swing. With a smaller opening than other swings, this gives a better sense of separation and physical boundary. They have described it as their bubble. Our sessions consider therapeutic space, such as activities working in close proximity and tight space, and being able to push against flexible boundaries feeling like 'womb space'. It has therefore been a valuable swing in our Sensory Attachment Interventions too."

Annie Doubleday, Emma Jerman, Occupational Therapists

All suspended equipment must be used in conjunction with a Safety Rotational Device (page 104)

TheraGym® Time-In Swing

Offers several options for vestibular input. Its soft, supple and washable nylon mesh fabric construction is perfect for gentle swinging and relaxation. The stabilizing bottom board acts as a solid flat floor for sitting or kneeling and can be easily removed to create a more snug sensation. Comes with an extra-strong safety snap. Weight capacity: 90kg (200 lbs)

Size: 162.5cmL x 61cmW

R121574 VAT Relief **£429.95**

Suspension Swing

Suitable for individuals with movement difficulties. The swing can also be set in motion using the hands on the ground. Games such as picking up bean bags, throwing at targets while swinging are also possible. Can be used in all body positions such as lying face down, on the back or sitting up. Even nervous users will soon gain confidence when using this swing. Height adjustable. Cover: brushed canvas (100% cotton).

ROMPA® is proud to be the exclusive European provider of therapeutic products from TheraGym®, a leading developer of the highest quality therapy solutions.

TheraGym® Square Platform Swing

Provides many multi-sensory opportunities with extra stabilizing features: a hanging disk to keep the swing moving uniformly and a carpeted platform to keep clients in place. With one suspension point to allow the child to go in different planes of movement which increases the vestibular input and challenge. This hardy swing has a solid Baltic Birch wood base with a smooth edge for safety, and a soft removable carpet pad. Safety snap included. Weight capacity: 360kg (800 lbs)

Size: 72 x 72cm

"The platform swing is an essential swing in our S. I. clinic, as it allows for the child to work in different positions such as sitting, laying on their tummy or back. It is very versatile and allows for the task to be graded. We love to use the Tube Swing inside the platform to provide more postural support with gentle vestibular input. As the child improves their posture through the use of S. I., the challenges can increase and the child can lie or sit in different positions. The swing has ropes that the child can hold on to for support and we encourage the child to start to self-propel and move the swing themselves, as this is an excellent bilateral timing and coordination task, and provides proprioceptive input."

Annie Doubleday, Emma Jerman, Occupational Therapists

Billowing Cushion by ROMPA®

A foam base with air cushion creates an exciting Billowing Cushion. Lying or sitting on the cushion provides vestibular stimulation which can be controlled by the user or another person. Also provides proprioceptive and deep touch pressure input. Rolling on and off the cushion is posturally-demanding, strengthening the core and trunk, whilst working on antigravity flexion and righting reactions. Moving around the cushion facilitates gross motor patterns and joint compression. Useful in Snoezelen® and Sensory Integration environments, it is a safe depth and is great for crashing on. Please state colour choice when ordering. Vinyl. Size: 145 x 145cm

Floor Mats

Don't forget that our mats are ideal for Sensory Integration rooms too!

Floor Mats can be made with handles by special order. Should you need to regularly remove floor mats (to allow wheelchair access for example), ROMPA® can make easy-to-move floor mats to suit your requirements. We can also manufacture mats using foam of different densities. Should you require firmer mats with less 'give', we can make mats with a choice of higher density foams.

Curved Walking Board - Set of 10 pieces

Simple or complex walking challenges can be designed with this wall. The brightly coloured plastic components attach to each other forming a Walking Board which can be up to 10 pieces long. The 5cm wide non-slip surfaces come in random colours. Pressure tested to 600kg. Suitable footwear should be worn. Multiple sets shown with a 4-Way Connector.

Size: 30cmL x 17cmH (Base 15cm)

R115229

£59.95

Step-A-Forest - Set of 24 pieces

Great for developing balance, co-ordination and motor skills. For individual use or as a group for collaborative and imaginative play skills. Separate pieces as well as a variety of shapes and heights allow the activity to be graded. Made from non-slip durable polypropylene plastic for easy cleaning. Includes 6 leaves (26.5L x 18.7W x 1.5cmH), 6 stumps (28.8L x 28W x 13.3cmH), 2 Y-shaped logs (46L x 37.4W x 6.4cmH), 8 logs (48L x 13.6W x 6.4cmH) and 2 storage bags.

R121832

£249.95

Hilltops - Set of 5

Provides opportunities to develop and stimulate gross motor skills, social skills and creativity. Brilliant for imaginative play and motor planning as users assess the heights and distances between the tops. With different heights and colours for variety and gradeable challenges. The rubber rim helps prevent slipping and protects the floor. Designed so they cannot overturn. Especially effective when used in multiples and when combined with Riverstones 16736. Maximum load: 100kg

Weight: 4.8kg

Size: two at 36L x 36W x 8.5cmH; two at 40.5L x 40.5W x 17cmH and one at 42L x 42W x 25.5cm

R122644

£89.95

Riverstones - Set of 6

Jump from 'stone' to 'stone' without touching the floor. Move as quickly as you can, imagining that the stones are hot. Useful for co-ordination, balance, spatial awareness and encouraging confidence. Made of stable synthetic material with a textured surface for better grip. Set of six stones of two sizes.

Size: approx 43 x 43 x 43cm x 9cmH and 25 x 25 x 25 x 4cmH

R116736

£54.95

Large Balance Dome

Excellent for balance, rehabilitation and sensory perception activities. Can be used either way up. With a rigid base and a valve to adjust the pressure. Rubber. Especially valuable when purchased in multiples. Colours may vary. Each. Weight: 4.3kg

Size: 45cm diameter x 23cmH

Visual

The visual sense provides us with details about what we see, and helps us define boundaries as our brains process colour, contrast, shape, size and movement. The following products have been designed and selected for the benefits they provide in enabling users to develop their visual experience in regards to visual tracking or peripheral vision.

Glow Starry Night Parachute

Glow in the dark fluorescent stars shine brightly against the navy blue nylon 'sky' background. Provides visual stimulation and opportunities for social activity and interaction. Handles make the parachute easier to hold and move. Requires a UV light (to be purchased separately).

Size: 365cm diameter (12ft)

R117637

Tactile

The sense of touch keeps us in contact with our surroundings. Our tactile ability is vital to our survival, is one of our modes of communication and is fundamental to our learning. "The average person touches 300 different surfaces every 30 minutes ... The average person with a profound disability will likely touch 1 – 5 surfaces in the same timeframe"

You can find the following exciting and innovative products in the Tactile section

- Wall panels
- Table top resources
- Activity Boards
- Tactile games
- Vibration and massage products
- Fidgets
- Cushions and Blankets
- Saver Packs

Go too www.rompa.com to shop our huge range of Tactile Balls and Fidgets!

Abstract Tactile Panel by ROMPA®

Aesthetically charming as well as highly tactile. A large variety of fluid shapes, raised and recessed areas as well as contrasting textures make this contemporary looking panel as pleasing to the touch as to the eye. Textures have been carefully chosen to offer a range of temperatures, softness/hardness, smoothness/coarseness and include fabric, tile, carpet, synthetic turf and safety mirror. To be wall mounted. Wooden frame. Colours and features may vary.

Size: 115 x 115cm

R120940

£499.95

Sensory Pictures

Wonderfully decorative features to brighten your walls. Created to suit individual interests and preferences, these are brilliant finishing touches to a variety of environments such as Snoezelen® MSEs, bedrooms, classrooms, corridors and waiting areas. For person-centred care, these can be comforting and an easy way to personalise an indoor space. The 3 pictures listed below show just 3 ideas. Contact us to discuss your requirements – other sizes, motifs, backgrounds and colours are available.

R121942 Dog Sensory Picture (green) Size: 54 x 40 x 2.5cm **£79.95**

R121943 Footballer Sensory Picture Size: 54 x 40 x 2.5cm **£79.95**

R121945 Custom-Made Sensory Picture e.g. butterfly, train ... **POA**

R122124 Happy Hound Sensory Picture (with moveable ear) Size: 42 x 30 x 2.5cm **£79.95**

ROMPA® Tactile Panels have many uses including:

- exploration of the textures for enjoyment, not as part of a goal-orientated activity so there is no pressure to achieve
- tracing lines and visual tracking
- stimulating conversation and an awareness of preferences e.g. the different sounds can encourage discussion about musical likes and dislikes, the different fabrics can facilitate an understanding of clothing needs
- musical or imaginative play - touch the corresponding texture or instrument as it is mentioned in a story ...
- for orientation - as tactile signposting along corridors for those with visual impairments

BABY
Sensory

Animal Activity Wall Panel

Reminiscence Tactile Squares

Our Tactile Squares are wonderful for sensory exploration as well as for encouraging interaction and motor skills. These squares are equally tactile and visual, as well as offering shared and individual activities with a memory and nostalgia focus. Designed by an Occupational Therapist, they are meaningful, with each one having its own age-appropriate theme. They provide an opportunity for discussion, reminiscence and for carers to learn more about their residents/family members. Components may vary subject to availability. Size: 29.6 x 29.6cm

"I have tried 3 of the 4 boards and I am impressed at how good they are. I feel they are beneficial for a specialised group as the boards are easy for the members to relate to. All members joined in with the conversation and the activity ... then I carried the activity on with a quiz." Julie Lewis, Chesterfield Care Group (service users have different stages of Dementia)

R120525

£139.95

Simple Music Player

Many individuals with Dementia want to listen to music but are unable to use conventional music players because they find these too complicated to operate. This version is designed to overcome these problems as it helps to provide people with Dementia with music they remember in a way they can independently access themselves. Operated by lifting the lid, which automatically switches the unit on and plays a tune. If a new tune is desired, a single large button allows the individual to skip to the next track. Family, carers or friends set the volume (which is intentionally not easy to change by accident), as well as downloading tunes onto the player (easily via a USB link from a Windows, Apple or Linux PC).

Size: 30 x 19 x 11cm

R122113 Walnut VAT Relief

£129.95

One Button Radio

Retro-style analogue radio that offers an easy way to listen to your favourite stations without the need to retune and change the volume. Perfect for those who enjoy the same station all day, every day, or for those who find multiple controls difficult or confusing. Great for individuals with memory problems or Dementia, dexterity problems or visual impairments. Includes 2 main control dials - volume and frequency. Once easily tuned to your required AM/FM station and the volume chosen, you can turn the radio on and off by pressing the large button on the top. The control knobs can be removed and placed in the rear compartment of the radio for safe storage and the magnetic panel covers the buttons to keep your settings in the right place. Mains or battery powered (6 x C batteries to be purchased separately).

Size: 33L x 15W x 19cmH

Aroma

The olfactory sense is very powerful and emotive. Smell can trigger memories and change our mood. It enables us to identify objects and affects taste.

10 Reasons to choose ROMPA®'s Aromatherapy Kit

1. Choice

This comprehensive kit includes 12 different aromas, from Grapefruit and Bergamot, to Tea Tree and Lavender

2. Longevity

As you only need to use a couple of drops each time, this kit typically lasts for 2 to 3 years, if not longer. Oils are bottled just before they are despatched to us

3. Natural

The oils are essential oils – high quality, natural oils - not synthetic, water-based alternatives

4. Ethical

The oils are ethically sourced from all over the world – our supplier has established strong relationships with producers for many years, often through travelling to sites to maintain these links

5. Tested

The oils are tested for quality and a MSDS is available on our website

6. Multi-purpose

Useful for stimulating memories, encouraging appetite, massage, bathing, freshening rooms and masking less pleasant odours ... these oils can be used in many different ways. Using an oil in a fan-operated diffuser is both simple and safe.

7. Sensory

Despite having the quickest and most direct route to the brain of all the senses, our sense of smell is often over-looked as many of us use our sense of sight as our primary sense. In order for Multi-Sensory Environments to be truly multi-sensory, aroma should be considered with the other senses, including the vestibular and proprioceptive senses

8. Comforting

Our sense of smell is not only very sensitive and powerful, it is connected to mood, emotions and feelings. Aromas can transport us to our childhood and stimulate memories of loved ones and happy times. Aromas can also be used to distract during treatment and to help maintain connections with individuals when incorporated into massage.

9. Alternative

Akin to the values of Snoezelen®, aromatherapy can be used effectively as an alternative to medication. For example, essential oils such as Lavender and Vetiver can be used to help encourage sleep – safe avenues to explore before resorting to sedatives

10. On trend

Aromatherapy is coming back into vogue, notably in the USA, but also in the UK. Some perfume houses are consciously choosing to use more essential oils in their perfumes to avoid the use of preservatives.

Smell Box

A collection of 12 different aromas to encourage reminiscence and evoke memories amongst a wide range of people. Brilliant way to prompt conversation. Aromas includes: carnation, lemon, dentist, apple, pear drops, newly-cut grass, lily of the valley, leather, marzipan, hyacinth, germolene, lavender. With storage box. Bottles have drop-dispenser tops.

Size: box 14.5L x 12W x 7.5cmH, bottles 6.5cmH

R121504	Giraffe	£11.95
R122291	Cat	£11.95

Everyday Aroma Activity Game

The set comes complete with colour cards to match the aromas for visual identification. The sense of smell promotes visual recognition. This stimulation encourages hand movements to place the diffuser on the correct picture. Rules included. The scents include lemon, coconut, soap, rose and firewood.

5 game cards (17cm x 11cm)

30 sealed aroma flasks.

Size: box 34 x 28 x 4cm

R114924 **£32.95**

Aroma Balls - Set of 4

Scented balls that fit comfortably in the palm of the hand. Colour and scent co-ordinated. Soft, squeezable and great to manipulate for hand exercise. Perfect too for games, especially when bought in multiple sets. Includes one each of orange, rose, lemon, apple. Supplied inflated. Latex-, phthalates-, lead- and chrome-free.

Size: 5.5cm diameter

R117590 **£16.95**

Cando® Scented Theraputty – Set of 4 tubs

Helps develop grip strength and provides a pleasant multi-sensory experience. Each set contains a tub of vanilla (XX-soft), banana (X-soft), cherry (soft) and apple (medium) putty. 50g (2oz)

R121385 **£29.95**

Scented Sound Die

Multi-sensory die - tactile, aromatic and with a bell inside for auditory appeal. Colours/aromas include green/mint, pink/strawberry, blue/aniseed and yellow/lemon. Colours and aroma may vary. Each.

Size: 15 x 15 x 15cm

R118478 **£9.95**

Scented Crystal Bell Balls - Set of 6

A delight to see, hear, smell, touch, throw, bounce and squeeze. These sparkling, low bounce, hollow balls have a lively jingle bell inside. Made from fused plastic pellets, they are easy to grip. Assorted colours. Size: 6cm diameter

"Great product. Ordered more straight away!"

Nadine, Verified Buyer, Skelmersdale

R115227

£7.95

MohDoh™

Tactile and aromatic, each scented dough has its own colour and purpose. A wonderful 'fidget' which is portable, inexpensive and suitable for children and adults. Using only the purest natural oils, MohDoh™ can improve emotional and physical well-being as it is kneaded (helping improve motor skills and co-ordination) and the fragrances can improve mood. Non-toxic and EN71-compliant (toy safety). Non-returnable once opened. Lasts for approximately 30 ten minute uses. 50g pot. Not suitable for Oral Sensory Seekers.

R122250 Sleep Relaxing to promote gentle and natural sleep for those who have insomnia or who are restless or agitated **£3.95**

R122251 Travel Can help provide relief from travel sickness and the anxiety and stress that accompanies that **£3.95**

R122252 Calm A fun and effective way to help individuals to relax and unwind **£3.95**

R122253 Unwind Intended to provide relief from stress and anxiety **£3.95**

R122254 Think Great for learners. Stimulating to help students regain lost focus and improve concentration **£3.95**

Life Skills & Rehabilitation

We are reliant on good health and sound well-being, as well as on the many life skills we have learnt – and often take for granted - that help us every day. When our health declines or an injury compromises our daily activities, the effects are far-reaching.

This section includes a range of tools to maintain functionality, to aid recovery and to help individuals to return to their normal health and their familiar lifestyle. ROMPA® offers products for enabling, assessment and invention such as timers, equipment for writing, cutting and activities to use different grips, develop fine motor skills and build muscle strength.

Newborns

Soft, adorable and a delight to cuddle. Realistic size and 'feel'. Even their little heads need supporting like a newborn. With beautiful attention to detail and a Velcro-sealable pouch in the back for the Heart (20327). Includes babygown and hat, but will fit into standard newborn sized baby clothes. Hand-washable. Weight: 0.8kg

Size: 46L x 42cmW (finger tip to finger tip)

Lilly

"We initially purchased one of the dolls for a Lady living with Dementia in the home who was always talking about 'the babies'. Her reaction to the doll was overwhelming, her communication skills improved as she would sit and converse with the doll and also sing Nursery rhymes. Something that she may not have done or that we would have thought she was able to do. Subsequently we purchased a further 3 and they have had a really positive impact for our Ladies and Gentlemen living in the home, giving them the opportunity to still be able to nurture and create a sense of comfort and well-being.

We also purchased a beautiful Silver Cross pram for the dolls and this encouraged people to go outside for walks in the fresh air. They are really soft and durable but also they are the weight of an average baby. Clothes are interchangeable and this helps people keep occupied with looking after them."

Ruth Abbs, Registered Home Manager, Birmingham

R120330 Lilly, Girl **£55.95**

R120331 Elias, Boy **£55.95**

See page 30 in Rompa Extra for 20327

Johan

Life-like character to care for and cuddle. With a captivating facial expression and large endearing eyes. Reassuring and comforting, Johan can provide a sense of purpose and commitment to an older person with Dementia or to an adult with learning difficulties. For children, Johan can be stimulating and encourage imaginative play. Because of his realistic size, weight and appearance he can awaken emotions and memories. Johan can be dressed and used with the Heart or with an aroma placed in cotton wool in the pocket in his back for added sensory input.

Size: 65cmH

R121862

£69.95

Tom

A lovable baby boy to care for and cuddle. With his own character and cheerful expression, he is comforting and can provide a sense of purpose and commitment to an older person with Dementia or to an adult with learning difficulties. For children, Tom can be stimulating and encourage imaginative play. Because of his realistic size, weight and appearance he can awaken emotions and memories. Tom can be dressed and used with the Heart or with an aroma placed in cotton wool in the pocket in his side for added sensory input. Washable.

Size: 50cmH

R121863

£64.95

Emelie

Doll Therapy can be valuable amongst people with Dementia as having something to care for can imbue a rewarding sense of purpose and usefulness, as well as helping to reduce anxiety. Emelie is dressable, cuddleable and comforting. When held like a real infant in your left arm, it is as though she is lovingly looking up at you. An appropriate weight (1.4kg) which can in itself be calming. With a pouch on her side, the Heart and aromas can be added. Her hair is lovely to stroke, and she may help stimulate memories of parenthood and happy family moments. Size: 65cmH

R120340

£69.95

Precious Pet Kitten

Z-Vibe® & Z-Grabber™

Tools for therapists for professional use (these are not chews)

Most people are either auditory or visual learners, but sometimes these senses are not enough and we need to consider the sense of touch. Speech and Language Therapists have been trained to use tactile input to teach clients how to lateralise their tongue, elevate their tongue tip, make a tongue bowl, close their lips, learn a rotary chew, position the articulators for sound production and other oral motor skills. Vibration provides a new level of sensory stimulation to increase awareness and to draw more acute attention to the articulators. Vibration can also be calming and organizing.

All these products are lead-, latex-, PVC-, BPA- and phthalate-free, and are for supervised use under the guidance of a therapist or trained carer. Change the Tips for work on speech and feeding skills. All Tips require a Z-Vibe® or Z-Grabber™. The Soft options are made from a softer, more resilient material for those with a bite reflex and/or sensory issues.

More chewable jewellery available at www.rompa.com

Z-Vibe®

A sensory oral motor tool that vibrates. Intended for oral motor exercises and sensory stimulation. Use it to provide input to the lips, tongue, cheeks and jaw. This tactile input may help increase oral awareness and tone, decrease oral defensiveness, encourage texture acceptance and improve a variety of speech, feeding and sensory skills. The lightweight handle has gentle bumps for a non-slip grip. Battery and a Probe Tip included.

Size: approx 16.5L x 1cmW

R121307	Royal Blue	VAT Relief	£39.95
R121308	Magenta	VAT Relief	£39.95
R121318	Battery		£8.95

Z-Grabber™

The Z-Vibe® with a chewable grab loop handle. For clients who crave the vibration and sensory stimulation of the Z-Vibe, use this to transition them into working on biting and chewing skills. Also valuable with the vibration switched off. Includes 1 Textured Bite-n-Chew Tip XL and 1 Switch Tip. Battery included

R121315		VAT Relief	£34.95
R121318	Battery		£8.95

Chewy Tubes

The little bumps on the surface of the Green Knobbly Chewy Tube provide tactile stimulation for the mouth. Red Chewy Tubes offer a slightly larger stem than the yellow, providing greater resistance. The Blue Chewy Tube provides the greatest resistance. Available in sets of 2 and 6. Size: 8L x 6cmW

R154152	Blue - Set of 6	VAT Relief	£45.95
R154190	Green - Set of 6	VAT Relief	£45.95

R154186	Red - Set of 6	VAT Relief	£45.95

Tri Chew

With ridges and bumps to provide sensory input for the lips, gums and tongue and increase oral awareness whilst providing a safe object to bite down upon and chew. Jaw movement and pressure is experienced through the varied textures of the ends, which enable grading for individual need. Soft – may provide comfort for teething tots. Triangular shape is easy to hold. Not recommended for aggressive chewing.

Size: approximately 13 x 14 x 1.5cm

R121028			£7.95

Size: 150cmH

R120948

£199.95

Sorting & Posting Box

Several challenges in one set. Simple in appearance yet deceptively useful. Match the shape to the correct recess, post the shape through the correct slot (2 on each long side) and retrieve the shapes from inside the box (the lid slides out). Encourages logical thinking, reasoning, motor planning, hand-eye co-ordination and sequencing skills. Ideal for those who enjoy repetitive movements. Age-appropriate wood and colours.

Size: box 26.5L x 23W x 5cmH; shapes approx. 3.5, 5 and 7cm

R123082

£69.95

Sorting Set

An inviting set to encourage sorting by colour, shape or size. Gives the user a sense of purpose (completing a helpful task of tidying away) whilst encouraging motor skills and reasoning. Contents may vary, but set typically includes:

- Multi-section round tray (32.5cm diameter)
- Set of 90 assorted large buttons (4.1 to 5cm)
- Set of 10 wooden cotton reels (3.5cm diameter)
- Set of 100 colourful wooden cubes (2 x 2 x 2cm)

Also useful for stacking and balance games; counting and simple maths activities; arts and crafts; threading and lacing (shoe laces/string to be purchased separately)

R122707

£29.95

Sequencing Game

Test concentration, fine motor skills and hand-eye co-ordination as well as memory and communication skills. Try to put the beads in a particular order, or match colours and shapes. Includes storage box, 10 wooden playing cards, threading string and rods, 72 beads, die and instructions. Made from natural wood with non-toxic varnish. For 1-6 players, 3 years and over.

Size: 33 x 33cm

R117541

£44.95

Threading Fruits - Set of 24

Includes 24 fruits and 3 laces. Each lace has a toggle on one end (to avoid the frustration of fruits sliding off the bottom) and a 'needle' on the other. Some fruits have flat sides to help keep them steady when threading. Well made from wood from sustained sources. Lovely attention to detail. For 3 years and over.

Size: lace 145cmL including 'needle'; fruits 4-5cmH (bananas 12.5cmL)

R119570

£39.95

Giant Pegs and Pegboard Set

Ideal for developing fine motor skills, dexterity, counting skills, shape and colour recognition, sorting and pattern creation. Includes 36 stackable giant pegs in 6 colours and 3 shapes, square base board and 3 laces. For 3 years and over – includes some small pieces. Size: board 21 x 21cm.

R121777

£11.95

Nut & Bolt Board

Assorted sized screw threads set into a board with nuts for sorting and screwing on and off. The board has insets for sorting nuts into. Great for hand-eye co-ordination, fine motor movements, grip and manual dexterity.

Product may vary slightly from that illustrated.

Size: 31 x 19 x 6cm

Leisure

Leisure activities offer a chance to have a break from a routine or to provide freedom from actions which we are compelled to perform. Especially in early years children and people with various mental health or physical disabilities the choice to do what they want is often very limited, therefore making leisure time an essential part of their lives.

Aximo!

Slide the rolls into place to copy the patterns on the cards supplied or to create your own designs. Encourages fine motor skills, imagination and logical thinking. Equally effective from either side of the frame. Large scale pieces are extra safe and easy-to-handle. Aximo Frame requires Aximo rolls. For 4 years and over. Please note: multiple sets of Rolls have been used to create the pattern shown on both sides of the Frame.

This clever balancing game makes little ones use the colourful wooden blocks to correctly balance the friendly crocodile. A great teaching tool to aid hand eye coordination, fine motor skills and shape recognition. Suitable for children aged 3 years+. Made from natural, eco-friendly wood. Non-toxic. 23 x 3 x 11cm.

R124030

£9.95

Muddle Puzzle Cube

The classic puzzle returns! Similar to the classic rubix cube this puzzle cube has nine coloured squares on every face, with each row and column on a spindle that allows them to be twisted and turned to jumble up the colours. Once shuffled, the aim of the game is to rotate, shift and manipulate the cube so that the colours on each side match again. The classic three by three cube is a retro icon and a very addictive puzzle toy for all ages.

R124038 6cm

£3.95

Sensory Friendly Fabric Face Mask

Reasons to choose a Sensory Friendly Face Mask: Stays on the body the whole day (worn around the neck), it has a release safety clip, rests on the chest during snack and meal-time, sizing toggle for a perfect fit that eliminates the need to readjust with hands, white stitching on chin side so you always know what side is up, name tag to personalise, 3-ply 100% cotton - reversible pattern/solid colour, super soft spandex band rests over-ears to reduce "ear fatigue" and fabric domes over mouth and nose for comfort and doesn't interfere with speech. Machine wash and cool dry with like colours. Hand wash and hang dry will extend mask life.

R124000	Extra Small (2 - 5 years)	£14.95
R124001	Small (6 - 9 years)	£14.95

Chewable Pencil Case

We know how important it is for our children not to stand out. We know that not everyone likes wearable items. Introducing the Chewigem Pencil Case, perfect for school or even work setting. Includes a fidgetable pencil case and chewable ruler, protractor, eraser and calculator! IMPORTANT – the ruler and protractor are not real but has about 5% accuracy – The calculator is not a functioning calculator. The case itself although non-toxic is NOT designed for chewing, it is thin and would not last, but does make a good fidget with the bubbles on it.

R124059 14 x 5 x 8 cm £23.95

Pencil Covers

These pencil covers are soft, flexible and fit over the tops of pens and pencils with ease! They are great for fidgeting as they have little sensory nubs on the tops of the covers and are also amazing to chew on without ruining your pencils! These for an average chewer will work out about 60p per day. These come in 2 x black and grey (4 covers), 2 x red and blue (4 covers), 2 x all blue (4 covers) or 2 x all red (4 covers), Please note the red pack is 4 of the open design without the nubs on a closed end. Please also note our open pencil covers make great straws for short glasses or cans.

R124060 12 x 5 x 1.5 cm £5.95

More Oral Resources available on Page 203

Berries Necklace

Seven super tough, textured balls, perfect for chewing, 100% completely non-toxic, designed to reduce anxiety and improve focus, stylish and discreet. Weighted Berries have been years in the making and specifically designed to help relieve stress. The Berries can be used as a calming product by people suffering from Sensory Processing Difficulties (SPD) and are proven to help reduce anxiety and improve focus. Each ball is covered in small bumps which help oral stimulation. The Berries are easily cleaned in hot, soapy water. This product is not suitable for children under 36 months.

Dena Piece Set - Neon

This Dena 12 pack contains: 6 People pieces and 6 House pieces & 18 piece set contains: 6 Kids, 6 Trees and 6 Houses. They are made from food-grade platinum silicone, the same high-quality material as dummies, teethingers and baking moulds. Platinum silicone is a soft, strong, bacteria resistant, hypoallergenic and BPA-free material and 100% safe. It resists temperatures from minus 60° C to 220° C. It can be used in the freezer, oven and is dishwasher safe. These colourful people and houses are soft and bendy, but will keep their shape. Their matt non-slip texture means they are great for stacking. They can also be washed (even in the dishwasher) so they are perfect for outdoor and water play too! Not only this: platinum silicone lasts longer than plastic, and is ocean-friendly. In fact, it can be used in many ways to keep children happy, from ten months right up to aged six.

R124034 12 Piece Set. H11x W45x D4cm **£34.95**

Dena My First Rainbow

Dena is a safe, simple and smart toy, suitable from babies to all ages. Their toys are made of food-grade platinum silicone, the same high-quality material as dummies, teethingers and baking moulds. It's a new alternative to wooden toys. Platinum silicone is a soft, strong, bacteria resistant, hypoallergenic and BPA-free material and 100% safe. It resists temperatures from minus 60° C to 220° C. It can be used in the freezer, oven and is dishwasher safe. Due to its minimalist and timeless design, this toy can be used by babies, pre-schoolers and beyond in many diverse ways. The My First Rainbow pack contains a rainbow made from 6 multicoloured pieces. The My First Rainbow Deluxe pack contains a rainbow made from 12 multicoloured pieces.

R124036 10.5cm wide x 6cm high **£17.95**

R124037 17.3cm wide x 9cm high **£37.95**

Balance Board

The most complete and functional balance board, which allows you to swing from side to side safely thanks to the non-slip hexagons of the base. It provides a smoother and easier to control movement. Children can stand or sit on the table while they develop motor function and improve balance. With handles to grab. It allows to make turns and lateral movements, thanks to the lateral pivots of the base where the child rests while changing the weight of the body. Exercises the muscles, mechanical balance and proprioceptive stimulation of children. Soft rubber base to prevent damage on the ground. Weight of the table: 1.8 kg. Maximum load: 60 kg. Available in light green, fuchsia and dark blue - selected at random.

£2.95

New!

Rainbow Foam Putty

Tub of colourful putty arranged in layers to represent a rainbow. The soft putty is almost foam-like in texture, and can be stretched, squished, rolled and moulded into a variety of shapes. Separate the colours out or blend them together to create a range of new and vibrant colours. Suitable for ages 5 years+.

R124040 5cm

£4.95

New!

UV Reactive Putty

A material that you can mould, shape, stretch and bounce and that changes colour under certain light? While it might sound like something out of a mad scientist's laboratory, it is, in fact, UV Reactive Smart Putty. As well as the usual properties that make smart putty so smart, this stuff holds non-toxic, fluorescent molecules that absorb UV light and then re-emit it, almost instantly. The result is something that looks like it belongs in a sci-fi movie! UV Reactive Smart Putty is available in four garish colours: Phantom Flames (yellow), Eerie Ectoplasm (green), Ocean Eclipse (blue) and Glacier Ghost (pearl) - colours selected at random. Wave a UV light over them and you'll see the yellow become red, the green become red, the blue become dark blue and the pearl become purple! What's that? Don't have a UV light? Don't panic! With each tin of UV Reactive Smart Putty you buy, you'll get a mini UV light with it! Each.

R124041 8.5cm

£4.95

New!

Glow In The Dark Putty

Tin of putty that glows in the dark. Mould, stretch, bounce and even watch this putty melt as you play with it. Leave it in the light and it will charge, ready to shine with a luminous glow when the lights go out. Colour chosen at random. Each.

R122889 8.5cm

£4.95

Glow In The Dark Nee-Doh

Need to mellow out? Then you need NeeDoh! Grab a glob and give a squeeze. Feel a groovy glow of enlightenment as it blows your mind and soothes your soul. Charge it up for a moment in the light and it gives a groovy, sooth glow in the dark. A great fidget toy; appropriate for those with ADD, ADHD, OCD, Autism and anxiety; helps promote focus, attention and centering. For ages 3 and up. Each.

R124043 6.35 x 6.35 x 6.35 cm

£2.95

New!

Colour Change Nee-Doh

Colour Changing NeeDoh is the Groovy Glob that magically changes color with a squeeze. When you let go it amazingly changes back to its original color. Give it a squeeze, a squish, a pull or a smush. NeeDoh will soothe your soul and soon you'll be feeling very groovy. Colour is chosen at random. Each.

R124042 6.4cm

£2.95

New!

Sand Timer

These brightly coloured Sand Timers are perfect for timing all sorts of educational or therapeutic activities or to prompt discussion about time. Plastic moulded end caps and thick wall surrounds. Each time is identified by a specific colour. 16x7cm. Green - 1 minute, Yellow - 3 Minutes, Blue - 5 minutes, Orange - 10 minutes & Purple - 15 minutes.

R124046	1 Minute	£8.95
R124047	3 Minutes	£8.95
R124048	5 Minutes	£8.95
R124049	10 Minutes	£8.95
R124050	15 Minutes	£8.95

Magnetic Timer

Create unique sculptures using this magnetic hour glass. Place it onto the copper coloured base stand and watch the iron filings fall from one end of the hour glass to the other. The base also contains a magnet so that as the filings drop they become magnetised, standing on end to create totally unique and beautiful sculptures each time the hour glass is turned. Each hour glass is securely packaged in a polystyrene insert and then in a colour box. Hour glass containing iron filings. Supervision required. Not a toy.

R124055	8.26 x 8.26 x 13.97 cm	£7.95
---------	------------------------	-------

Magic Ball

This Magic Ball features a range of colours and can be stretched and compressed. Excellent for stimulating imagination, colour and shape recognition and helps to develop motor skills.

R124026	18.6 x 14.8 x 14.3cm	£9.95
---------	----------------------	-------

Cuddle Ball

This Cuddle Ball is made from a super soft grey fabric that makes you want to bring it in close and hug. Suitable for age 6 years+, this soft ball has gaps in between the fabric that allows children to place their hands and arms in to provide added warmth and comfort, making them feel safe and calm. Holding a cuddle ball can bring security to most children, aiding the reduction of stress and anxiety. 25cm diameter.

R124028	£27.95

"I found it fun, enjoyable, very informative, thought provoking and an excellent way to generate discussion around the subject of equality for disabled people."

Andy Hendry, Project Manager, DDPA

Removing Barriers Game

WHAT IS THE AIM OF THE GAME?

The challenges faced by disabled people in everyday life with differing needs are often overlooked simply because service providers and staff do not realise they exist. Once awareness is raised, action can be taken to improve difficulties and remove the barriers. This is a valuable tool for Disability Equality and Disability Confident training.

WHAT ARE THE KEY MESSAGES?

- Disabled people should receive the same levels of service and access as anyone else
- If you're providing a service it should be as inclusive and accessible as possible
- Training is key to helping organisations and staff understand the challenges faced by disabled people
- Recognising barriers is the key to improving access to services and facilities

WHO SHOULD PLAY THE GAME?

Anyone offering services and resources to the public including health and social care, education, leisure, as well as private organisations such as retail, transport, banking and hospitality

WHAT WILL PLAYERS LEARN?

- The challenges, issues and barriers faced by individuals with different impairments
- The practicalities of accessing services and facilities
- Simple ways to remove barriers

CREATED IN ASSOCIATION WITH:

Toyah Wordsworth, Equal Equality, Ataxia UK

- 2-12 players
- 45-60 mins
- No specialist facilitator required

W157275

£ 79.95*

"Very good idea to stimulate discussion about communication."

**Head of Medical Education,
London Teaching Hospital**

Communication Game

WHAT IS THE AIM OF THE GAME?

To ensure all frontline health and social care staff have the same level of awareness, knowledge, skills to confidently and effectively support people with diverse communication needs. To champion inclusivity and improve the quality of service delivery.

WHAT ARE THE KEY MESSAGES?

- Communication is key to delivering safe, effective, person-centred services
- Everyone has the right to express their views and be heard, regardless of how they communicate
- To provide an inclusive service, professionals need the skills and knowledge to do so
- Service users, carers and families should be supported to communicate in the way they prefer
- Small changes to behaviour helps to create an environment where many people can communicate effectively

WHO SHOULD PLAY THE GAME?

Anyone working in health and social care services, no matter the level, including nurses, doctors, AHP's, support workers, carers, volunteers, receptionists, social care and council staff.

WHAT WILL PLAYERS LEARN?

- To understand the variety of differing communication support needs
- To identify and address communication barriers
- Techniques and practical ways to improve skills for application in daily practice
- How to support service users, carers and their families to communicate in the way they prefer
- To identify and address communication barriers
- Techniques to improve communication skills of one-self in daily practice and overall service

CREATED IN CONJUNCTION WITH:

Talking Mats & NHS Education for Scotland

- 4-12 players
- 45-60 mins
- Can be played by single or multi-disciplinary teams
- No specialist facilitator required

W157223

£ 59.95*

Safeguarding Game

WHAT IS THE AIM OF THE GAME?

Safeguarding is everybody's responsibility. Anyone who works with the public has a duty to help safeguard children and adults who are at risk. This resource provides a foundation-level overview of safeguarding children, young people and adults at risk. It is designed to give anyone who has contact with at-risk individuals the knowledge and confidence to identify safeguarding issues and escalate them appropriately.

WHAT ARE THE KEY MESSAGES?

The following key topics are explored:

- What is safeguarding?
- Types of child and adult abuse (domestic, sexual, physical, financial etc)
- The impact of abuse
- Raising a safeguarding concern
- Who is at risk?
- Warning signs to look out for

WHO SHOULD PLAY THE GAME?

Anyone dealing with the public or who may interact with children or adults at risk in various settings:

- Council/local authority
- Health and social care
- Retail, hospitality and leisure
- Public transport
- Youth or sports club leader

WHAT WILL PLAYERS LEARN?

Specific children and adults' safeguarding issues covered in the game include:

- Trafficking & modern slavery
- Child Sexual Exploitation
- Hate Crimes
- Radicalisation
- Honour Based Violence
- Online abuse
- Female Genital Mutilation (FGM)

DEVELOPED IN PARTNERSHIP WITH:

Surrey County Council

- 2-12 players
- 45-60 mins
- No specialist facilitator required, but an individual with knowledge of safeguarding may be able to provide context and answer queries raised.

"A perfect learning aid. It sparks discussion, quashes myths, clarifies positions and emphasises the need for team working in safeguarding."

**Specialist in Corporate Safeguarding,
Betsi Cadwaladr University Health Board.**

W157222

£ 59.95*

Harm Free Game

WHAT IS THE AIM OF THE GAME?

This purposeful and engaging board game helps individuals and teams understand their role and responsibilities in reducing patient harm. Maintaining good record-keeping and communication is a underpinning message throughout the game. The end goal is to improve patient care and care-planning. It tests and improves players' risk assessment capabilities across a range of care settings and supports the NHS Harm Free Care programme.

WHAT ARE THE KEY MESSAGES?

- We should all aim for 'harm-free' care for service users
- Make every contact count
- Every health professional, regardless of their speciality, is responsible for each service user
- Service users are also responsible for their own health and well being where appropriate.
- The use of patient information leaflets and conversations are vital to the process

WHO SHOULD PLAY THE GAME?

It's suitable for all frontline clinical and support staff in acute, community or social care.

WHAT WILL PLAYERS LEARN?

Players will learn to minimise risks for the following patient harms:

- Falls
- Catheter infections
- Pressure ulcers
- Venous thromboembolism
- Medication errors
- Nutrition & hydration

DEVELOPED IN PARTNERSHIP WITH:

Derbyshire Community Healthcare Services NHS Foundation Trust

- 2-12 players
- 45-60 minutes
- Requires a facilitator with knowledge of harm-free care

This game supports the NHS Harm-Free programme! Patient Safety Awards 2013 Finalist

Objectives: Staff clearly understand their role in assessing and preventing patient harm. Reduced incidence of avoidable harms

W157255

£ 89.95*

"It's a fun way to learn about prevention of pressure ulcers and improving nursing quality."

"It's suitable for all care settings."

Stop The Pressure Game

WHAT IS THE AIM OF THE GAME?

To help your organisation improve patient safety and eliminate avoidable pressure ulcers. It helps health and social care professionals understand, recognise and minimise the risk of pressure ulcer formation.

WHAT ARE THE KEY MESSAGES?

- 95% of pressure ulcers are preventable!
- Changing what we do and how we do it can reduce or eliminate pressure ulcer development
- Actions, or lack of action can have a massive impact on patient wellbeing and long-term or short-term care

WHO SHOULD PLAY THE GAME?

All therapeutic, health and social care professionals working in acute, rehabilitation or community-based settings.

WHAT WILL PLAYERS LEARN?

- The causes, reasons and risk factors for pressure ulcers
- Preventative interventions including SSKIN
- Pressure ulcer management

DEVELOPED IN PARTNERSHIP WITH:

NHS England for their Stop the Pressure initiative

- 2-12 players
- 45-60 minutes
- No specialist facilitator required

W157256

£ 59.95*

"It is increasingly difficult for providers to release staff for training, but the game enables us to give targeted training at a time and location to suit them."

**Quality and Patient Safety Co-ordinator,
Clinical Commissioning Group**

Hydration Game

WHAT IS THE AIM OF THE GAME?

To empower all clinical, therapeutic and support staff in health and social care settings to fully understand the difficulties and risks surrounding dehydration. Choose to play the main game which focuses on improving the hydration of patients/residents/service users or the staff game, which highlights the importance of ensuring all staff remember to manage their own hydration too when looking after everyone else!

WHAT ARE THE KEY MESSAGES?

- Dehydration has serious consequences
- Increasing fluid intake contributes to improved patient safety and staff well-being
- All health and social care staff are responsible for supporting patients, residents to be well hydrated (and themselves too!)
- Practical changes and creative solutions can be easily made in workplaces to improve fluid intake

WHO SHOULD PLAY THE GAME?

Suitable for all frontline clinical and support staff in acute, residential and domiciliary health and social care settings, especially those working with the elderly.

WHAT WILL PLAYERS LEARN?

- To recognise dehydration, what it is and how does it happen?
- To identify when people may be at risk of becoming dehydrated
- To have the confidence and knowledge to know what and how to take action
- To understand the impact and consequences
- To encourage and support increased fluid intake
- To increase knowledge and confidence around hydration prevention
- To implement creative approaches to improving hydration

DEVELOPED IN PARTNERSHIP WITH:

NHS England for their Stop the Pressure initiative

- 4-12 players
- 45-60 minutes
- No specialist facilitator required

W157254

£ 59.95*

Dysphagia Game

WHAT IS THE AIM OF THE GAME?

To introduce key facts and practical advice to help health and social care professionals recognise and manage dysphagia safely and more effectively in line with current best practice guidelines. Includes training on the IDDSI (International Dysphagia Diet Standardisation Initiative) framework.

WHAT ARE THE KEY MESSAGES?

- Dysphagia can cause patients to aspirate food and liquid into the lungs
- Risks include malnutrition, dehydration, choking, infection, depression, aspiration pneumonia and death
- Knowledge and understanding of dysphagia management is essential to ensure patient safety
- Foods and liquids must be prepared properly (includes training on the IDDSI)

WHO SHOULD PLAY THE GAME?

Any member of health and social care staff working in acute, community or social care settings.

WHAT WILL PLAYERS LEARN?

- The prevalence, causes and impact of dysphagia
- The signs and symptoms of dysphagia
- How to reduce patient risk
- Strategies to improve care management and patient safety
- Includes hands-on activities to teach participants how to prepare food and liquids according to the IDDSI framework
- Strategies to improve care management and patient safety

DEVELOPED IN PARTNERSHIP WITH:

NHS England, Nutricia, The Association of UK Dieticians and the Royal College of Speech and Language Therapists.

- 2-12 players
- 45-60 minutes
- No specialist facilitator required

"Engaging busy and distracted frontline health and social care staff can be difficult. The Dysphagia Game helps us to deliver training to frontline staff in a way that is both effective and enjoyable."

Tim Jones, Senior Brand Manager at Nutricia

W157253

£ 79.95*

Stroke Game

WHAT IS THE AIM OF THE GAME?

To help frontline health and social care professionals understand how stroke patients are managed throughout the whole stroke pathway which they themselves are not directly involved in. Tests and builds knowledge to improve patient care and supports implementation of best practice standards.

WHAT ARE THE KEY MESSAGES?

- Increased staff knowledge will improve stroke patient care and improve patient safety
- It is beneficial for staff to understand the 4 key stroke journey stages: emergency, acute, rehabilitation and community
- Reflection, working together and sharing experiences improves care provision

WHO SHOULD PLAY THE GAME?

All clinical and support staff working with stroke patients in acute, social or community care settings. It is particularly useful when played with a multi disciplinary team who can share their experiences and knowledge from a different viewpoint.

WHAT WILL PLAYERS LEARN?

- Stroke prevention
- Acute care
- The multidisciplinary team (MDT) approach
- Emergency stroke treatment
- Rehabilitation
- Community care

DEVELOPED IN PARTNERSHIP WITH:

Chest, Heart & Stroke Scotland & NHS Lanarkshire

- 4-12 players
- 45-60 minutes
- No specialist facilitator required

Suitable for any staff working with stroke patients.

Objectives: Improved outcomes for stroke patients as a result of increased awareness. Staff understand how their role fits into the overall journey for a stroke patient.

W157257

£ 59.95*

"A fun way of learning new knowledge and skills for any professional working with children."

Ruth Silverman, RN, RM, RHV, BSc (Hons)
Queens Nurse and Creator of The Sleep Game

Sleep Game

WHAT IS THE AIM OF THE GAME?

Developed by a health visitor and sleep specialist, this resource helps professionals improve their knowledge and confidence of healthy sleep behaviour and good sleep practices, which can then be passed on to parents and families for implementation at home. The resource can be used as a standalone learning activity, or as part of a wider sleep training workshop.

WHAT ARE THE KEY MESSAGES?

- Getting a good night's sleep is vital to our health and wellbeing
- Poor sleep has negative effects on our emotional, physical and mental health, yet its importance is often overlooked
- For babies and children, getting a good night's sleep is essential – it allows babies and children to grow and develop

WHO SHOULD PLAY THE GAME?

Suitable for all professionals working in health or educational settings with babies children and families such as health visitors, children and family centre staff, Children's and school nurses, student nurses and health visitors, nursery and early years staff, family support workers.

WHAT WILL PLAYERS LEARN?

- Why sleep is important
- Sleep recommendations
- Sleep monitoring
- Consequences of sleep deprivation
- Sleep patterns and stages of sleep
- Safer sleeping tips
- Common sleep difficulties
- Sleep problems for children with additional needs

DEVELOPED IN PARTNERSHIP WITH:

West Sussex County Council and Sussex Community NHS Foundation Trust

- 2-12 players
- 45-60 minutes
- No specialist facilitator required

Downloadable free training materials are available: training guide, presentation materials & action plan to put learning into practice

Highway to Health Game

WHAT IS THE AIM OF THE GAME?

This holistic educational resource aims to improve community health. It contains a wealth of information about mental health, physical health, food and nutrition and it is designed to increase knowledge and help children, adults and families make positive choices to improve their wellbeing.

WHAT ARE THE KEY MESSAGES?

- Making positive lifestyle and health choices is everyone's responsibility
- Learning facts regarding lifestyle choices can help everyone to make better decisions

WHO SHOULD PLAY THE GAME?

Everyone! It is suitable for children (age 5+) or adults and is a useful and engaging resource for clinical, health or educational professionals to use to teach or create interventions. Ideal for training activities and wellbeing events, or simply as a family activity to play at home.

WHAT WILL PLAYERS LEARN?

- Hundreds of facts about a healthy diet and nutrition
- The positive effects of vitamins/minerals
- The benefits of exercise
- How to managing stressful situations at school or at work
- The dangers of unhealthy lifestyle choices
- 5 Ways to Wellbeing: Connect, Be Active, Take Notice, Keep Learning and Give

Hanen Preschool Language and Literacy Calendar

Every year, Hanen® creates a new calendar full of research-based tips to help lay the foundations for school success. These are used by parents to support their young children at home while professionals use them simultaneously in their pre-school settings. This approach means that learning is structured and goal-orientated, with a seamless learning environment extended into every part of the day!

Each month highlights a key language and literacy-building strategy, including simple tips for how to apply the strategy to everyday routines and activities. The focus is always on creating powerful conversations, since we know this provides the best possible opportunities for children to learn, use language and to build early literacy skills. These are easy to follow, handy and cost-effective tools that really make a difference to language development!

W157126

£ 8.99

It Takes Two To Talk®

This updated 5th edition guidebook is valuable for parents, SLT's and others who work with, or care for, young children with language delays. It shows via beautiful colour illustrations how to help children communicate and learn language throughout the day, at meal, bath and play times. Interventions are suitable for children still at the very earliest stages of communication as well as those who have begun to talk in short sentences. Includes easy-to-use checklists, practical guidelines for choosing communication goals and explains how to build a solid foundation for literacy. Supported by current research.

This DVD is a very useful companion to the guidebook, demonstrating actual examples of how to use the It Takes Two to Talk strategies with children at each stage of communication development. It shows children having fun in everyday situations, while their parents purposefully use learned strategies to help them improve interaction, turn-taking and communication skills. 90mins.

It Takes Two To Talk® Parent Workbook

This easy-to-use interactive parent workbook is a member-only resource. It is designed for Hanen SLTs to combine Hanen strategies and Hanen's adult teaching structure into 1-1 parent intervention sessions, helping them to create personalised interventions for their child. The workbook provides SLTs with trackable materials such as checklists, progress reports to give to the parents they are working with. It is a companion to the It Takes Two To Talk guidebook and intended for parents of children with intentional communication (i.e., Communicators, First Word Users and Combiners). To purchase this resource, simply provide us with your name. Hanen will then authorise us to release your workbook after confirming membership.

More than Words®

Children with Autism can find it difficult to interact meaningfully with others and the world around them. This programme is for parents of children under five who are on the spectrum. It helps them reach their potential by empowering their key supportive adults with knowledge and strategies to improve social communication, play and imitation skills. Everyday activities are opportunities to learn, communicate and develop skills! Evidence-based and incorporates current best practice. Requires dedication from parents, but is easy to understand and implement.

The DVD is an easy-to-use companion to the guidebook. Shows parents how to apply strategies to create structured, predictable environments where children learn to interact and develop conventional and spontaneous communication in everyday situations. Approx: 5 hours

TalkAbility™

A hugely valuable resource for parents and professionals supporting verbal children on the Autism spectrum. This book contains a wealth of practical strategies that can be built into daily conversations and activities. By applying these strategies, parents and professionals help children learn to:

- take appropriate turns in a conversation
- wait for others to take theirs
- tune into what people say without words in a conversation
- understand how others feel
- respond appropriately
- learn how to play with other children and make friends

Make Play R.O.C.K.™

Plan for People Play - Book

Book 1 focuses on learning how to create the best possible play situations, encourage participation, communication and develop social interaction skills in a purposeful supportive way - all based on current research on what helps children learn

best. "People Games" rely on engagement with others instead of focusing on toys and whilst playing, children learn the key social skills that create the foundations for building successful relationships with others.

W155711

£ 13.95

Take Out the Toys - Book

Book 2 focuses on "functional play" ability (early play involving conventional or expected actions using toys). These skills provide a foundation for the formulation of later skills so it is important to optimise these

as early as possible. Play for children who have Autism or other developmental challenges may not be as advanced as other children their age, but if these specific research-based techniques are used during everyday play activity, much can be done to build skill levels.

W155712

£ 13.95

Put Pretending into your Child's Play

Book 3 focuses on expanding pretend play skills during fun, everyday activities. Children with additional needs often find it difficult to pretend, a stage of development that lays the foundation for key social and

learning skills. This resource provides a context of how pretend play fosters language, social and emotional skills using research-based strategies. Identify each stage of pretend play, encourage imitation of new play actions, identify when to move to the next developmental stage and encourage use of new skills with a variety of toys, in different situations.

Course Beetle

Now available! Book Hanen workshops easily in the UK!

Winslow Resources met Course Beetle at NAPLIC a couple of years ago... and a gem of an idea formed. What if it was easier for UK SLTs and professionals to be Hanen trained? We introduced the idea to Hanen and Course Beetle and the rest is history!

Course Beetle now act as UK hosts for a range of Hanen Workshops. Contact them on **01743 211346** or visit www.coursebeetle.co.uk to find out more. Training includes:

Learning Language and Loving It™

- An intensive 3-day workshop that develops the social, language and literacy skills of young children
- For SLTs and early childhood educational professionals who train and educate other professionals
- Certification means you can offer the evidence-based LLT programme to early childhood educators and pre-school teachers.

It Takes Two to Talk®

- A 3-day workshop providing a simple but powerful framework for coaching parents to play a primary role in their child's intervention – a framework that can be applied to a variety of clinical contexts including individual therapy and group training
- For qualified SLTs
- Completion certifies you to lead the ITTT programme for parents of children with language delays aged 5 and under

More than Words®

- A 3-day workshop for qualified SLTs offering a goal-based approach to family-centred early language intervention
- Certification enables you to offer the MTW programme to parents of young children who have social communication impairments including children with suspected or diagnosed ASD

Teacher Talk™

Fostering Peer Interaction in Early Childhood Settings - Workbook

Outlines how to create an early childhood environment that encourages children over the age of 3 to socialise and interact effectively with one another. Colourful illustrations and easy to use, practical techniques.

W152735

£ 14.95

Encouraging Language Development in Early Childhood Settings - Workbook

A step-by-step approach to promoting language development in child care, preschool and other early childhood settings. Learn practical, interactive strategies to help all children (including those whose language is delayed or at risk) to interact and communicate effectively in everyday interactions.

W152734

£ 14.95

Let Language Lead the Way to Literacy - Workbook

Details how to create early childhood environments cultivate the basic foundations of literacy. Preparing children for literacy involves immersing them in an environment where reading and writing are a natural and meaningful part of everyday life. Clear, comprehensive and practical.

The New Reynell Developmental Language Scales (NRDLS) - 4th Edition

The most widely used assessment/diagnostic tool for identifying speech and language delays and impairments in very young children. It has been standardised on 1,200+ UK children. Content is in-line with the latest research and practice.

Essential information is provided about production and understanding of spoken language. It assesses communication skills on entry to nursery, identifying children who need immediate referral and support. Two scales are used:

Scale 1: Language production: explores understanding of vocabulary items and grammatical features

Scale 2: Comprehension: assesses the production of the same features of language

- Simple to administer with an easy to use, easel format
- Uses play-based activities and various stimulus material, featuring a Monkey, Teddy and Rabbit with full-colour illustrations
- An overview of language ability guides intervention and evaluates the effectiveness of interventions
- A multilingual toolkit, gives advice and guidance on adapting and use with ESOL pupils
- Admin time: 35-60 mins
- For 2-7yrs

£ 664.95*

For SLTs only. To purchase these resources, please ring our sales team who will request the name of the end user. There will be a short delay in processing whilst we check the SLT database to ensure that the person cited is qualified, or you can e-mail sales@winslowresources.com with proof of qualification.

Wellcomm: The Speech and Language Toolkit

Wellcomm toolkits enable quick and easy identification of children needing speech and language support, making a crucial difference to confidence and attainment.

- Quick and simple to use
- Require no SLT expertise
- Can be used as many times as needed
- Instant reports are quick to digest, using an easy to understand traffic-light scoring format
- A Big Book of Ideas with 150 play-based activities enables action to be taken straight away
- Activities can be used at home so effective support is provided whether SLT-referred or not
- Test duration: 20 mins
- For 6 months-6 yrs (Early Years) 6-11yrs (Primary)
- Suitable for Early Years Practitioners, SENCOs, T.A.s & SLTs
- Supportive videos available online showing how to use, including report examples etc.

Screen in 20 minutes: "the immediacy of results is one of the biggest advantages of WellComm. Those who need extra help can receive it straight away in their normal classroom or nursery."

Angela Hurd (SLT)

Act immediately: "We love the fact WellComm doesn't stop at the assessment. The activities in the Big Book of Ideas means we're able to start making an impact with school-based interventions – such as attention and listening games – straight away."

Beccie Hawes. Head of Service, North Star Inclusion Advisory Team

Symbolic Play Test - 2nd Edition

Use structured observation of play to analyse the early skills required for language development. This tool provides an objective indication of a young child's level of early concept formation and symbolisation – abilities that precede and develop alongside expressive and receptive language.

Four object sets are presented in a specific order, in different situations, enabling facilitators to observe if a child relates to them appropriately. Items are purposefully chosen, lending themselves to a variety of interrelationships. The scoring system is based on the number of meaningful responses and connections they are able to make. Outcomes help plan future interventions.

Contents: manual, toys and 25 record forms. Admin time: 10-15 mins. For 1-3yrs.

For SLTs only. To purchase this resource, please telephone our sales team who will request the name of the end user. There will be a short delay in processing whilst we check the SLT database to ensure that the person cited is qualified, or you can e-mail sales@winslowresources.com with proof of qualification.

W152158

£ 379.95*

Action Picture Test (2nd Edition)

New edition! Used since 1967 by SLTs, SENCOs, teachers and other health and educational professionals to assess the speech and language development of children between 3 and 8 ½ years.

It covers words used to convey information (i.e. nouns, verbs, prepositions); present, past and future tenses; irregular forms of plural and past tenses; simple and complex sentence

construction and passive voice. The test provides an Information and Grammar score that can be benchmarked against a UK school population. It has been fully updated, with revision of scoring guidelines, image modernisation and via an extensive nation-wide programme - re-standardised against a modern school population.

Contents: 10 picture cards depicting a variety of everyday scenarios, instruction booklet providing guidance on administration, scoring guides, scoring form.

W156817**£ 69.95*****Word Finding Vocabulary Test - Revised Edition**

Assessment to ascertain the extent to which pictures of objects (arranged in order of difficulty), can be named correctly. Most objects included have no alternative name, so the responses of children with difficulties can be quickly measured. 50 line-drawn pictures, manual and photocopiable scoring forms. Norm referred at six monthly intervals to enable production of comparative results. For 3-8yrs.

W152412**£44.95*****Bus Story Test - Revised Edition**

The age-level of consecutive speech used in retelling a story can be assessed from the information content, sentence length and grammatical usage. This tool includes a coloured picture story book, photocopiable scoring forms and manual, but requires use of audio recording equipment. Norm referred at monthly intervals to enable therapists to produce comparative results. For 3-8yrs.

W151216**£ 39.95*****Renfrew Language Scales Set**

Purchase all three of the assessment tools in the Renfrew Language Scales series - the Action Picture Test, Bus Story Test and Word Finding Vocabulary Test. The price represents a saving against individual purchases.

W157202**£ 145.95*****British Picture Vocabulary Scale - (BPVS-3) - 3rd Edition**

BPVS-3 is the leading assessment tool to assess the receptive vocabulary of children as young as 3, and up to 16 years old. It has a simple, appealing format with vivid full colour illustrations and black outlines to support those who may be colour blind. It identifies delays in vocabulary development, even before children are in full time education, informing intervention strategies to help extend vocabulary. It is suitable for non-readers and those with learning difficulties, Autism or CP etc. as no reading is required - responses can be given by pointing or gesture.

- Time efficient, can be used as a benchmarking and progress-checking assessment from pre-school to secondary school
- 1-1 session format - the facilitator says a word and the pupil responds by selecting a picture from four options that best illustrate the word's meaning
- Carry-case
- Admin time: 10-15 mins
- For 3-16yrs
- For teachers, SENCOs and SLTs

W154598 BPVS III**£ 219.95*****W154599 10 BPVS III Record Forms****£ 17.95*****Speech and Language Screener Quick Take Along® Mini-Book**

Use this non-standardised Speech and Language Screener as a quick initial screening tool to gather baseline data, identify areas of concern, monitor progress, determine if further evaluation is necessary

and develop appropriate goals. Assess: Articulation; Connected Speech; Following Directions; Grammar; Inferencing; Listening Comprehension; Phonological Awareness; Questions; Social Skills and Vocabulary. Sections are adaptable. 64 pages. For all ages.

W156635**£ 12.95**

York Assessment of Reading for Comprehension (YARC)

This diagnostic assessment tool was developed by reading experts at the University of York. It provides an in-depth analysis of reading and comprehension skills, identifies specific problems with word recognition, reading fluency or reading comprehension and informs on the most appropriate interventions to support individuals. It is split into 3 parts, Early Years, Primary and Secondary (4-16yrs).

- Can be used to assess and monitor on-going pupil progression
- Assesses EAL pupils and those requiring extra time in exams
- Informs educational planning and benchmarks against the national average
- Ideal tool to evidence the impact of Premium Pupil Spend
- Provides standard age scores, age equivalent scores and percentile ranks for comprehension, rate and fluency
- Admin time: 20-30 mins.
- For SENCOs, Teachers and Literacy Co-ordinators

Phonological Assessment Battery (PhAB2)

PhAB: Developed by researchers and psychologists, led by University College London, this was created to identify children with significant phonological difficulties who need special help in processing sounds in spoken language. It can be used with bilingual or ESOL children and includes data on studies completed for

those with dyslexia. Six standardised tests: Alliteration, Naming Speed, Rhyme, Spoonerisms, Fluency, Non-Word Reading. PhAB can also be used to inform further teaching or intervention programmes to help with specific phonological difficulties. Covers 6-14yrs, but the newly updated primary edition makes this more suitable for 11-14yrs.

PhAB2: A comprehensive battery of tests to assess phonological awareness. An essential toolkit for SENCOs, specialist literacy teachers and educational psychologists it identifies phonological difficulties encountered in learning to read and enables appropriate intervention planning. It has appealing designs and illustrations and is an ideal follow-up assessment for those with low scores in phonics screening or literacy tests. Newly standardised (UK). Has the same tests as the PhAB with 4 extra: Blending, Phonological Working Memory, Phoneme Segmentation & Phoneme Deletion. Targeted testing for 5-6yrs and 7-11yrs, provides more sensitive tests and a greater understanding of strengths and weaknesses.

Dorset Assessment of Syntactic Structures (DASS)

Based on the STASS assessment tool, the DASS was drawn to appeal to older age groups, in full colour A5 format and presented in a display book. Effectively trialled with adults and adolescents with learning disabilities. Elicits grammatical structures at Clause, Phrase and Word level on the LARSP chart. Reported as user-friendly and in addition to assessing linguistic competence, during assessments there was noted improvement in attention, responsiveness and elicitation of connected speech. Includes manual and photocopyable score sheets.

For 11yrs+.

Augmentative & Alternative Communication Profile (AACP)

Assess the skills and communicative competence of AAC users, unspecific to disorder, severity or setting. This tool identifies areas of strength, where more input is required to develop long/short term goals and monitors changing abilities to adapt interventions. Covers 4 skill areas:

- Operational: using the system, accessing and transmitting information (Orientation/Awareness, Manipulation, Focused Use, Navigation, Programming & Use)
- Linguistic: receptive/expressive language, knowledge/use of language code, ability to use both in conversation (Awareness, Using Specific Meanings, Combining Words, Using Syntax & Morphology & Refined Language)
- Social: communication, including self-image, desire to communicate reciprocally (Behaviours, Regulatory Behaviours, Practiced Interaction, Social Awareness/Competence & Social Mastery)
- Strategic: knowledge of what can be communicated, how, and developing compensatory strategies (Pre-Intentional/Reflexive, Intentional, Programmed Message Use, Appropriate Message Selection, Use & Strategic Mastery)

Includes: manual and 15 profile forms. For 2yrs-adult.

W156671

£99.95*

Early Functional Communication Profile Set (EFPC)

This assessment measures subtle, functional changes in non-verbal communication skills for children with severe/moderate disabilities. It sets a baseline for intervention and monitoring progress. A hierarchy of prompts highlight the level of skills that can be performed. Responses are classified by: developmental level—skills (easiest to hardest); level of environmental prompt (tester or test items are positioned to the front, side or back of the child), with gestural prompts (passing object, pointing) or verbal cues, ("your turn", asking questions). Includes the level of physical or visual prompts, e.g. hand-over-hand, patting the chest or arm, waiting with hand reaching out, waiting expectantly, etc. Subtests: Joint Attention-Requesting Objects/Receptive Language, Social Interaction-Turn-taking, Communicative Intent—Requesting Continuation of Actions/Requesting Assistance/Protesting, Social Interaction—Response to Greetings. Admin time: 30-45mins. For 2-10yrs.

CREATED BY AN SLT

Communication Assessment Profile (CASP) - 3rd Edition

This is the only UK standardised tool to assess the communication abilities of adults with severe to mild learning disabilities. It can also be used with children and young people with ASD and those with neurological disabilities as an outcome measure, to ascertain if communication skills have improved over time or as a research tool. It is comprehensive, using photos of functional and adult-orientated objects and was designed as a three part multi-disciplinary assessment:

- The environment questionnaire ascertains the opportunities available for daily communication (complete with carer/keyworker)
 - A photographic manual has subsections on hearing/auditory skills, understanding and using communication (complete with SLT)
 - A record of strengths, percentile rank chart, communication environment rating scale all outline priorities for change (agreed by individual, SLT & carer/keyworker)
- The National Institute for Adult Continuing Education (UK) recommends CASP as an appropriate assessment for adults with LD. Although not designed for people with Dementia, numerous SLTs report sections 3 and 7 are very useful for assessing vocabulary and communicative function and a small number of individuals participating in clinical trials had age-associated cognitive impairment. Revised 2017.

The Source® for Safety Cognitive Retraining for Independent Living - Book

Assess and provide interventions focused on patient safety from a cognitive perspective. Aids care-planning for adults in acute, rehab and long-term care settings, and addresses safety concerns at hospital, home or in the community. The topics include: Room/Bedroom and Bathroom; Wheelchairs & Assistive Devices; Swallowing & Diet, Medications & Health, Floors & Stairs, Kitchen & Appliances, Home Safety, Community-Outside/Inside and General Precautions. Clients consider challenging real-life situations, respond to questions, discuss situations and rehearse responses - all activities that stimulate convergent, divergent and evaluative thinking. Activities have two/three difficulty levels. Photocopiable evaluation forms are easy to administer, score and interpret. The results help describe and quantify a patient's cognitive awareness, problem-solving abilities and help with goal-setting, interventions and decision-making on discharge. Written by an OT/SLP team.

£ 59.95

Brainstorming Solutions for Dementia Care - Game

This is an amazing board game for all care-giving individuals who support people with Dementia, but particularly useful for staff working in care, residential and community homes, hospitals and services. Participants will improve their knowledge about Dementia and develop effective ways to manage difficult situations faced by those living with Dementia, their families and supporting healthcare professionals.

Players select cards from five topics: Fact, Challenge, Activity, Wild, and Crisis which focus discussion on realistic scenarios, brainstorming crisis management solutions and formulating person-centred care interventions.

Includes laminated 60cm² board, instructions, 120 game cards, dice, timer and butterfly counters. US resource, but content is generic and culturally transferable - any differences are easily adaptable (e.g. president to Prime Minister). We have been advised by a UK clinician that it contributes to satisfying level 1 and 2 (Awareness/Basic Skills) of the National Dementia Standards Framework without having to organise training events - just get the game out and play!

£ 46.95*

Frenchay Eye Transfer Frames & Eye-Com™ Boards

These low-tech, practical and effective tools aid those with communication difficulties but who have enough cognitive ability, controlled eye movements and basic spelling skills to indicate meaning, answers and intent. A conversation partner sits opposite and understands what is to be conveyed by following eye movements. Widely used on stroke wards, brain injury units etc and aids assessment of cognitive functioning. Both resources have a window so the sender and receiver can maintain direct eye contact and provides a "home" position for the sender to look to indicate he/she is either ready to begin or end a sentence which is very important during the communication process.

- The Frenchay Eye-Transfer Frame: The alphabet is grouped into corners. Each letter has a different colour and discs of these six colours are arranged around a central window. The user spells words to communicate with their partner. Includes polypropylene frame & A4 instructions in a wallet.
- Eye-Com™ Board: A clear acrylic board with a sturdy wooden base. Personalise by attaching images, illustrations, drawings, photos or letters/numbers etc directly onto the board. The non-speaking person indicates what they wish to say by looking towards specific pictures, photographs, words or letters mounted on the board.

Letter Formation App

Learning to form lowercase letters consistently and accurately is an important step to developing fluent cursive handwriting. This fun and innovative app is a super way to help children develop these skills. Choose a letter, hear its sound, watch a little creature draw it in the sand and also hear the letter name. Now try to draw the letter in its track, watching your trail form as you do so. Choose a new letter or select the tide to come in and sweep your attempt away and try again. Teacher options provide the facility to select what the user hears and what letters they can access for more focused work. Apps are available on iPad, tablet, and whiteboard, allowing for individual and group use.

W157281

£ 11.95*

Semantic Links - 240 Worksheets & CD

I've Got a Feeling App

Understanding and responding appropriately to facial expressions is key to children's developing sense of empathy. This app provides three engaging and stimulating games to foster these skills: Memory match, Draw me, and Puzzle pairs. This app works really well for children to work together to identify emotions and talk about different feelings, and then to take their discussions and play further with the physical resources. Full guidance and activity ideas are provided on the app. It can be used alongside the Emotion Stones (available online). Available on iPad, Android tablet, PC, and Mac.

Positive Pragmatic® Reversible Gameboards - 5 Boards, 10 Games

Improve social skills the fun way! 5 colourful, reversible boards provide 10 different games to target specific needs: Giving Information, Persuasion, Requesting, Telephone Etiquette, Greeting & Politeness, Feelings, Figurative Language, Appropriate Interaction, Topic Maintenance and Problem Solving. Includes 10 game boards, counters, die and instructions. Supervise use, small parts.

W151906

£ 36.95*

Illustrated ColorCards®: Skills for Daily Living: Social Behaviour - 44 Cards

These cards are intended for use with older children and adults who require support to understand appropriate social behaviour. The illustrations depict situations showing either a good or a poor understanding of social skills - e.g. disturbing people; queue jumping; helping someone; caring for an animal; cheating in exams. Detail to non-verbal communication is included such as posture, gesture, facial expression, respecting personal space and appearance.

W150210

£ 30.95*

ColorCards®: Problem Solving - 48 Cards

Illustrates everyday problems and 2 ways of solving them. 3 cards in each sequence show: a problem; a possible solution; an alternative way to deal with it. Examples: man cannot sleep - has a hot drink/reads a book; car broken down - tries to repair it/asks where to get help. The set visually demonstrates a logical approach to problems, shows how problems can influence later events, shows how solutions may not please everyone, illustrates how feelings influence choices we make. For clinic or classroom use.

W151932

£ 29.95*

ColorCards®: Cause & Effect - 48 Cards

These 2-step sequenced pairs illustrate how 'one thing leads to another'. Cards depict a variety of cause and effect situations with outcomes that are immediate, those that happen over time, situations that are welcome or unwelcome, positive or negative events and more! A specific situation is shown on the first card - the participant then predicts the possible outcome that may or may not be shown on the second card. Topics include: the boy plays with the ball indoors ...and knocks the flowers down; the girl leaves the bath water running ... and it overflows; the boy eats a lot of chocolate ...and feels ill etc. Helps develop logical, critical thinking, verbal reasoning and questioning skills.

W151235

£ 29.95*

Positive Attitude: Tolerance & Co-operation Game - 48 Scenes (12 cards)

Easy to play observational game for up to 12 players. Children look at the 4 colourful scenes shown on each board and indicate what they think is the wrong type of behaviour with the red plastic crosses provided. Self-correcting - flip cards over to see the correct answer. Boards are passed around until participants have seen them all. These are great discussion prompts exploring the values of tolerance and co-operation. For 3-6 years. Contents; 12 boards, each depicting 4 scenes, 12 red crosses, educational guide. Robust card.

W157173

£ 17.95*

Good Behaviour at Home: Matching & Association Game - 34 Cards

Develop good behavioural habits in the home and develop oral language skills by explaining and discussing content. Easy to play game of associating pairs of behavioural types. Identify in each pair the right and wrong way to behave. 17 associations can be made with a self-correcting system enabling children to check if they have the right answer. Covers: looking after the home, table manners, socially acceptable behaviour and schoolwork. Can be played individually or in groups. For 3-8yrs, downloadable guide.

Colorcards®: Decisions & Personal Safety

These large-format cards show unpredictable major and minor everyday situations, objects and activities encountered that are, or could become dangerous if risks are not understood or considered. Some situations will be familiar and others present new challenges. Thinking through these helps children to make responsible choices, develop independent thought, keep safe, understand differences between minor difficulties and emergencies, recognise when there is danger or potential danger, ask for help, take the initiative, walk away, find a balance between acting quickly and considering all aspects of situations, understand possible consequences and explore what might happen next. Ideal for creative role-play, story-telling or writing activities for group, classroom or 1-1 sessions. For all ages.

- **Decisions:** Events vary from minor problems upsetting daily routine (missing a bus), to major predicaments (finding a pan on fire in the kitchen)
- **Decisions (Outdoor):** bee swarm, pylon, mines, construction sites, using ladders, ice, fireworks etc.
- **Decisions (Indoor):** candles lit near curtains; owning large dog; sharp knives left on a counter etc.

Trauma, Bereavement and Loss - Guidebook and Story Sets

This guidebook and storybook set focuses helps adults, regardless of their previous experience or training, to support traumatised children in emotionally challenging circumstances, helping them to trust again and manage their loss and grief after a bereavement.

The stories have colourful illustrations and the content is created to help children explore their changed situation, thoughts and feelings in a supportive manner. The Guidebooks provide practical ideas and activities for the adult to introduce alongside the story, all carefully designed to help children express themselves and make sense of their changed world. Essential information, education and guidance to understanding the stages of grief/trauma/loss/bereavement is provided with methods to support the process, advice on group work, self-care and when specialised services may be required. For primary school children. Written by a qualified Counsellor.

Therapeutic Stories and Activity Books

These are fun, colourful story based activity workbooks to help start or enrich supportive conversations. They were created by a child psychologist so children can work through them, in their own time, in a safe environment, with a supportive adult. The child has control throughout the workbook and chooses the additional activities and ideas that they'd like to try along the way. Each book has the following elements:

- A story featuring an engaging, colourful character
- Fun activities related to the story (colouring, word searches, quizzes, art/crafts ideas...)
- Different activities to support the therapeutic focus
- A certificate to celebrate completion of the workbook
- A section for supporting adults to read with useful ideas to try

£ 39.95*

ROMPA® manufactures matting, furniture and soft play in a large range of fabrics and colours. These include:

PVC (Vinyl)

The most durable, and popular, of all our fabrics. Extremely hard-wearing, PVC is easy to clean, water-resistant and treated with fungicide. Latex- and phthalate-free, this strong fabric has a polymer coating on both sides, making it rigid and helping products to maintain their shape. Our PVC has a 'Cape' or subtly textured and fungicidal finish, and is available in a huge spectrum of colours and tones. This extensive choice lends itself well to two-tone finishes, such as purple with lilac accents, or sky blue and light blue combinations.

Ideal For:

- *Wall and Floor Mats (page 85 to 87)*
- *Ballpools and Wedges (page 88 to 90)*
- *Soft Play Products (page 84 to 96)*
- *Water Beds and Furniture (page 75 to 77)*

Polyester

Slightly warmer to the touch than PVC, and more flexible. This makes Polyester best-suited to products which allow clients to sink into them and which mould to the user's shape.

Ideal For:

- *Mini Floppy Islands (page 79)*
- *Squashy Seating (page 79)*
- *Sensory Cuddles (page 79)*
- *Splodges (page 79)*

Faux Suede

Arguably the softest of our fabrics, and is similar in texture to suede. More akin to fabrics used in domestic furniture, this supple fabric is water-resistant, extremely comfortable, stain-resistant and antibacterial. Available in subtler shades of colour than PVC and Polyester, this fabric may be more age-appropriate for older adults. Although durable, this fabric has a short pile and is less hard-wearing than PVC. As such, it should not be chosen for areas of heavy use such as step treads or floor cushioning.

Ideal For:

- *Supa Squashy Sofa (page 79)*
- *Positioner (page 74)*

Polytran

Extremely pleasant to the touch, this soft, matt-finish fabric is perfect for products used for long periods of time. Latex- and phthalate-free, as well as flexible, this fabric is a knitted polyester with a polyurethane coating. This fabric has been specially selected for our Pos-Pod™ Modular Multi-System.

Products typically made in Polytran include wedges, rolls and cushions intended for positioning.

Fabrics used by ROMPA® have been selected for their high quality, reliability, durability and suitability for our marketplace. Our fabrics are complimented by the use of high quality fillings such as bead and foams of various densities to allow us to manufacture an extensive range of soft and pliable or firm and supportive products. All our fabrics (and the products made from these and our fillings) meet appropriate fire-retardancy standards.

Our attention to detail is second to none – from our high quality non-slip fabric to the colour-matched threads that are used to hand-finish our products, ROMPA® has earned its reputation for consistently excellent standards.

This applies to our standard products, as well as to any bespoke solution requested by our customers. The colours shown here are from our standard range but we will gladly accommodate special requests for further colour options. Contact us for a fabric swatch to help you make your fabric and colour choices.

Faux Leather Fabric

Available in striking modern colours, this subtly-textured fabric is as hard wearing as it is stylish. Vibrant yet tasteful, this strong fabric is a combination of PVC, Cotton, Polyester and PU. Fire-retardant (Crib 5), phthalate-free, anti-microbial and REACH compliant. The fabric itself is waterproof, although seams are not due to the nature of stitching.

Faux Leather Fabric can be found in the Chatsworth Furniture range. Whole pieces of Chatsworth furniture can be made in up to two colours of Faux Leather, or one colour can be selected with one colour of Textured Fabric on the sides.

Ideal For:

- Chatsworth Furniture (page 71 to 73)

Snoezelen® Multi-Sensory Vehicle

Like what you see, but still not sure? Come and visit us, we'd be happy to see you. Bookings required.

Please contact us to visit our Snoezelen® or Reminiscence Showroom. Our Showrooms are based at our Head Office in Derbyshire.

Rompa®, Goyt Side Road, Chesterfield, Derbyshire, S40 2PH

What's in it?

The vehicle contains all the typical components of a typical Rompa® multi-sensory room but this one is installed in a large vehicle that we can take to shows and events up and down the country.

We think this will prove a great way to bring the concept of Snoezelen® sensory environments to a wider audience and demonstrate the immersive quality of a Rompa® sensory room.

Our Snoezelen® Multi-Sensory Vehicle is available to book out and bring to your event.

Visit www.rompa.com/snoezelen-multi-sensory-vehicle to enquire NOW.

A Sensory Room on Wheels!

Visit www.rompa.com/snoezelen-multi-sensory-vehicle to enquire NOW.

Who we work with... At home

Our products and Snoezelen® rooms are for all ages and abilities, we supply to individuals, families, schools, hospitals, hospices, charities, airports, hotels, cruises, football clubs and many more. We not only distribute and install in the UK but internationally too.

Here are some of our customers:

Gatwick Airport

Notts County Football Club

Help For Heroes

Meadowhall

Chesterfield Football Club

Brunel University of London

senSI

College of Occupational Therapists

Parenting Additional Needs

Kids in Sync

NewLife

YOUR LONDON AIRPORT
Gatwick

NHS

ROMPA® is on the NHS Supply Chain Network for Multi-Sensory.
Framework reference: 2016/S 041-066764.

...As well as further afield

ROMPA® is at the heart of a global network of providers of multi-sensory environments. As well as serving our valued UK customers, we have partners and distributors in over 40 countries across the world. Through our international customers we have access to new ideas, developing therapies and a wide breadth of experience.

Showroom & Reminiscence Room

Rompa®, Goyt Side Road, Chesterfield, Derbyshire, S40 2PH

Large enough to count but small enough to care

As a responsible supplier and manufacturer we have continuously updated ethical and environmental policies. As just one example, we review and report packaging and waste.

Wonkey Donkey

Rompa® are proud to work in partnership with the Wonkey Donkey Visitors Centre.

They not only provide sanctuary for donkeys but recognise the role that these beautiful animals can play for people aiding rehabilitation for illness and support those with disabilities. If you are in the area why not pay them a visit...
