12. Technical Specification

Size: 48 x 48cm
Materials: Birch
Weight: Geometric Shapes – 4.5kg
Spiral Square – 4.1kg
Snail – 3.9kg

13. Installation

1. Choose an appropriate location for your panel. Make sure your clients can safely reach the panel. Make sure there are no pipes, cables etc behind where you intend to attach the panel.
2. Use the four holes in the corners of the panel to mark your wall.
3. Drill your wall and insert the wall plugs. Screw the panel in place.
Please note: fixtures are supplied but it is your responsibility to ascertain their suitability for your wall. Fixtures must be appropriate to the construction of your wall. If those supplied are not appropriate, please take professional advice and purchase fixtures appropriate to your wall and the weight of each panel.

14. Care and Maintenance

- Handle with care. These panels are robust, but are not intended to be mistreated or roughly handled.
- Dust or wipe clean using a soft, slightly damp cloth. Avoid abrasive cleaning products.

15. Troubleshooting
