9. Starting Up

- Choose an appropriate and safe location for the product
- Making sure that the surface is stable and the item is placed in good light, take the wooden pole and screw into the curved base
- Take the green balancing plate and place carefully over the pole, threading the balancing cord through the slot at the top.
- Slide the cord through the slot until it is almost central. The balancing plate will be at an angle to start the game. Move around to adjust the angle and the difficulty.
- Place as many pieces (putting them upright or flat, or on top of each other) on the balancing plate as possible without tipping the plate over. It may be necessary to hold the plate steady whilst the first pieces are placed on the plate.
- Vary the game by matching colours, matching shapes, stacking etc.
